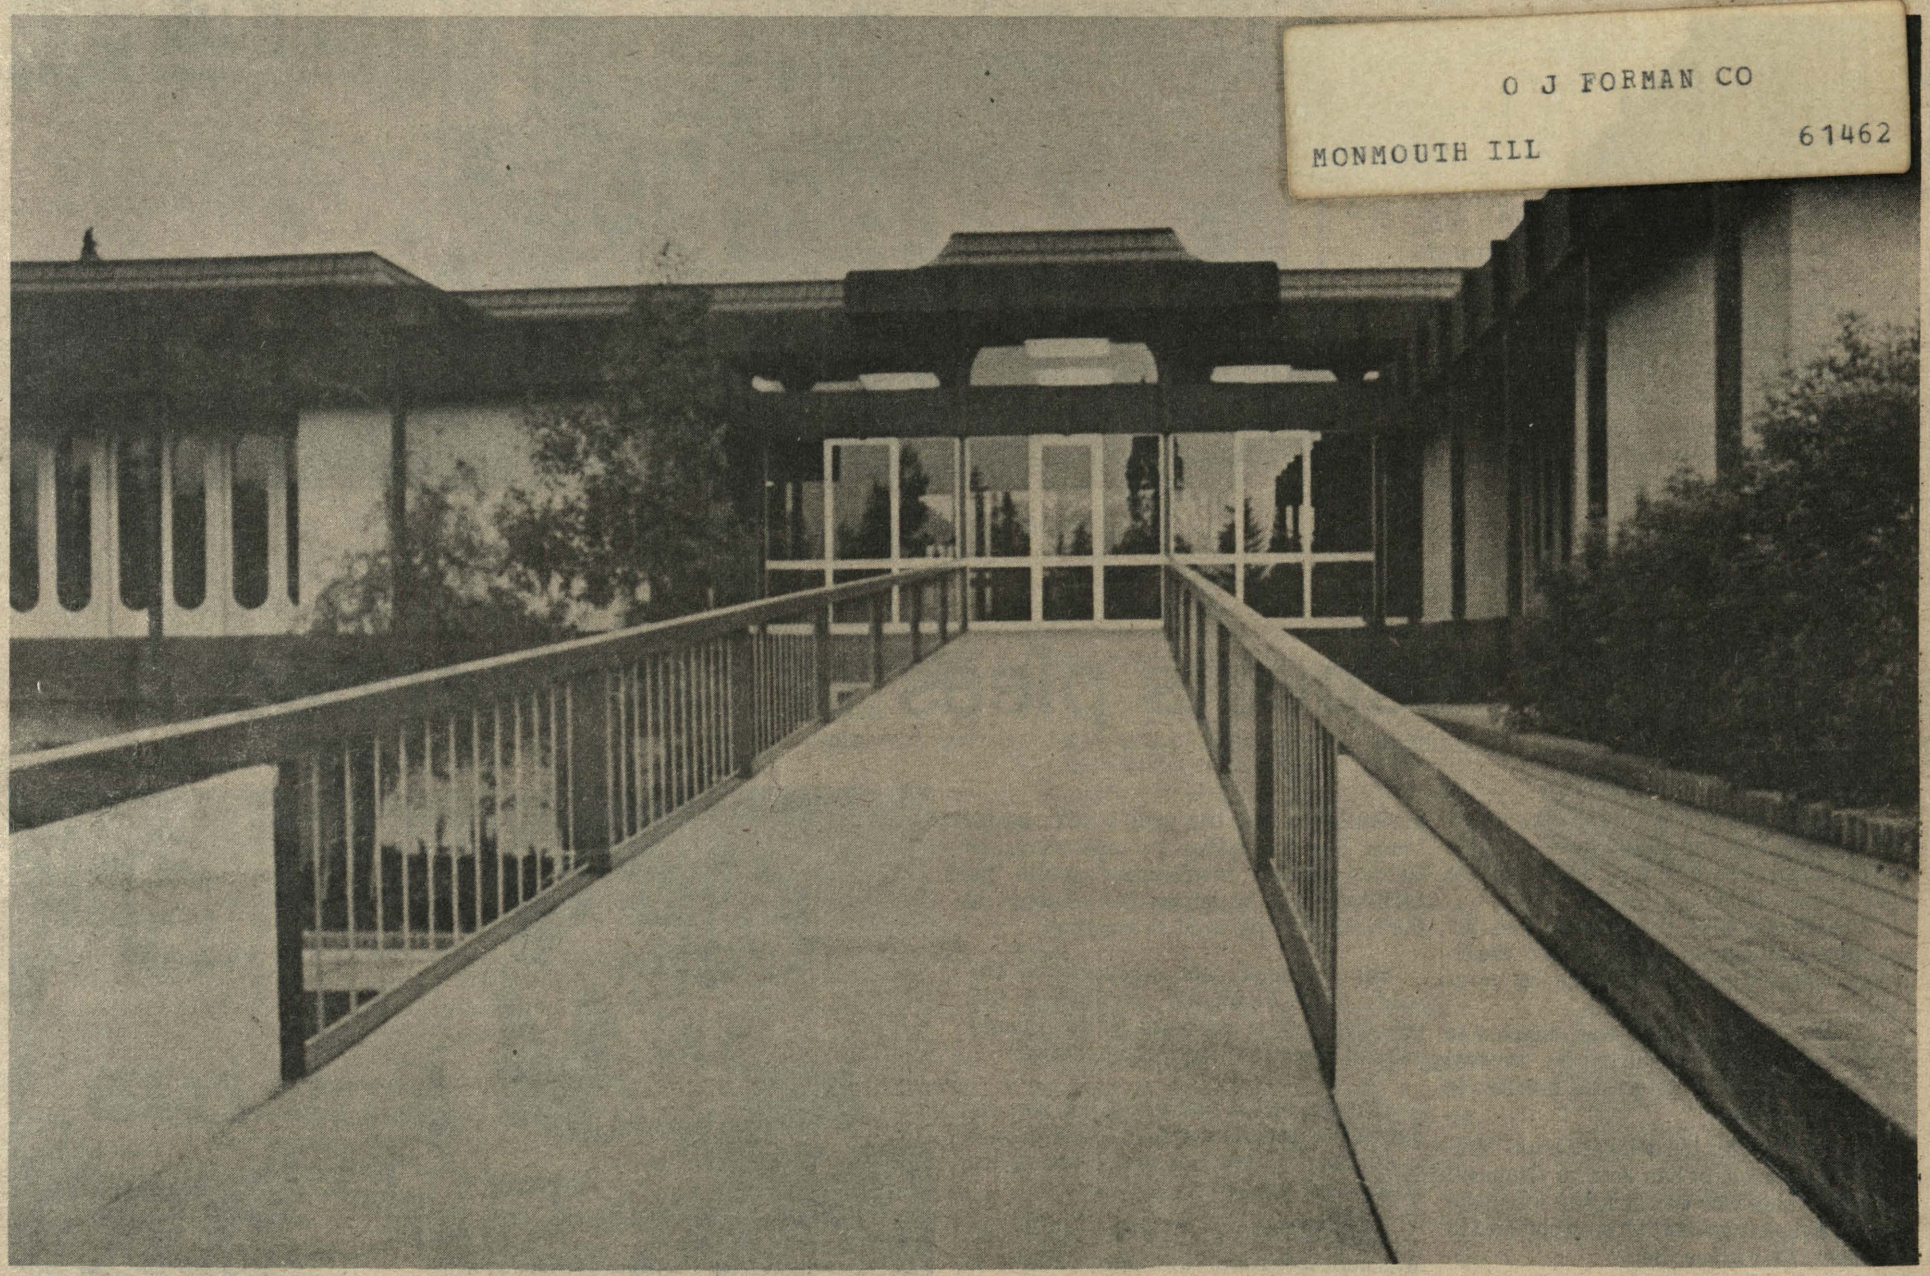
O J FORMAN CO

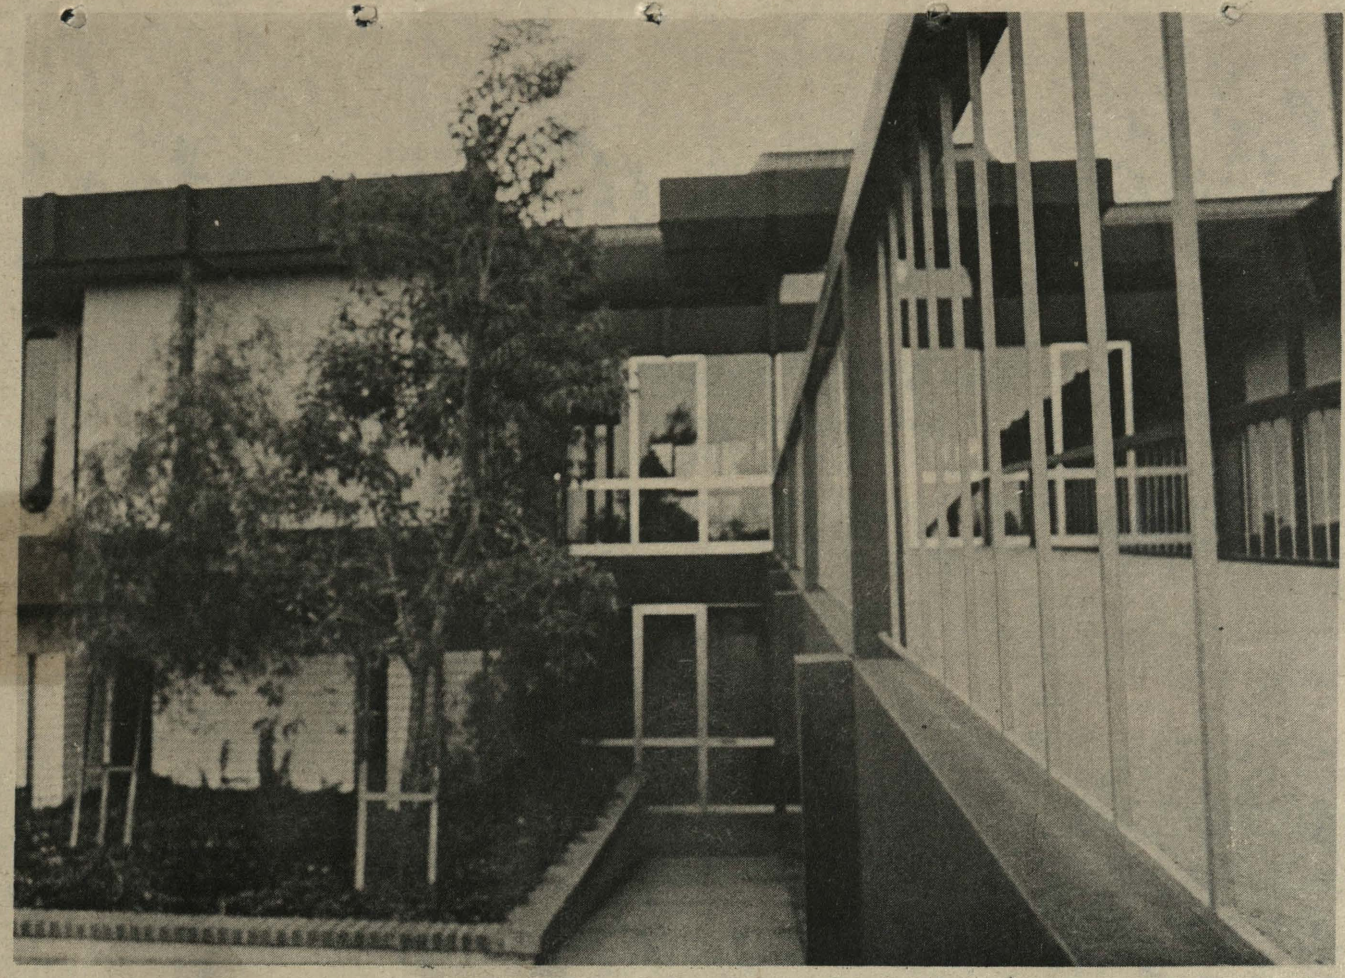
MONMOUTH ILL 61462



It's a little steep

As a result of an appeal by three wheelchair confined persons, the city council has directed staff to draft an ordinance requiring the removal or prevention of architectural barriers to the handicapped. Even the ramp at the city hall (above), which was designed with handicapped people in mind, is still too steep, the councilmen were told.

Photos and a story on park construction work, page 5; Out on the Limb, editorial, page 6; a final story in the grand jury series, page 9; sports begin on page 13.



A LITTLE STEEP — Although Campbell's city hall was designed with the requirements of the handicapped in mind, the ramps to the entrances are just a little too steep, the council was informed recently. An ordinance is being drafted that will require the removal of prevention of architectural barriers.

Agrees to changes

Council respects pleas of handicapped

Handicapped persons are to get a break in Campbell by the elimination of architectural barriers in future buildings, the city council ruled last week.

The decision of the council was the result of a plea from a delegation of wheelchair confined individuals at the last meeting.

At the meeting, staff was directed to draft an ordinance requiring the removal or prevention of architectural barriers to the handicapped.

Spokesman for the delegation was Mrs. Jan Richardson, of San Jose, a Campbell high graduate who was stricken with polio some 18 years ago and has been confined to a wheel-chair since then.

Mrs. Richardson explained there was a difference between "disabled" and "handicapped", pointing out that a handicapped person is generally able to lead a basically normal life with a little assistance. She added that the day-to-day activities of the handicapped would be facilitated by the elimination of some of the barriers that exist in buildings.

She explained that architects, in the past, have generally overlooked the requirements of mobility for the handicapped when they designed buildings.

She also added that a 1970 law now requires that certain standards must be met in building construction for the assistance of the handicapped.

Campbell's city hall, it was pointed out, was built with ramps and other facilities to accommodate handicapped persons.

However, Mrs. Margaret DeLain, of Santa Clara, who appeared with Mrs. Richardson, submitted that the city hall ramps are too steep. She added that she "needed a horse to get up to the building."

The city hall ramps rise one foot for each 10 lineal feet whereas the better ratio would be 1:12, Mrs. DeLain noted.

Wally Byron, city building official, admitted that the city hall does not meet all the requirements of public assembly structures for the benefit of the handicapped under state law. He added, however, that the building was designed before the law was passed and the city was making an effort to conform.

The new library, Byron said, which will be constructed across the street from the city hall, will conform.

Mrs. Richardson also explained that in addition to ramps there were other points to consider in the elimination of barriers. She cited as examples: parking bays too narrow; curbs too high; turnstiles; public telephones, drinking fountains, restrooms and supermarket checkout lanes.

CONVINCE COUNCIL — As a result of the plea made by these wheelchair bound persons, the city council has directed that an ordinance be drafted eliminating architectural barriers to the handicapped. From left to right, Margaret DeLain, Jan Richardson, Velma Shelley.

In directing staff to prepare an ordinance, the council also specified that the planning commission should be appraised of the needs of the handicapped when building plans were before that body. The Chamber of Commerce will be asked to assist in the elimination of architectural barriers throughout the city.

Both Mrs. Richardson and Mrs. DeLain offered to serve on a review board to develop architectural standards.

Mrs. DeLain, who is president of the California association of Physically Handicapped, said that Palo Alto and Mountain View have established standards and that Fremont is also moving in that direction. In Palo Alto, she said, some 30- and 40-year-old buildings are being revamped.

Mrs. Velma Shelly, of Mountain View, was also a member of the wheel-chair delegation at the council meeting.

Bands to perform at Berkeley day

Campbell and Camden high school bands have been chosen to participate in the University of California marching band's 24th annual high school band day on Saturday, Oct. 20, in Berkeley.

These two bands will join 63 others from throughout California and will be performing as part of the massed-band halftime spectacular at the Cal-Oregon state football game.

More than 4150 bandsmen and 485 majorettes are scheduled to participate in this year's band day.

Council okays way SBC sign faces

BY A 4-1 vote (Councilman Bill Podgorsek dissenting), the city council last week approved a sign oriented to the San Tomas expressway for the Service Bureau corporation at 700 W. Hamilton.

The sign will consist of three black plastic letters "S.B.C.", which are 24 inches high and three inches thick.

The planning commission had recommended approval on the basis that the sign was for identification purposes only.

Councilman Podgorsek felt that the sign should be at ground level and he also emphasized that he was opposed to all signs oriented to freeways or expressways.

In another action, the council attempted to bring to a head the long-pending appeal of the Gold Seal Realty at 492 Nottingham way. The realty firm had appealed the denial by the planning commission of a use permit to convert a residence into an office.

The issue had been off and on for two years originating with the original notice of violation filed by the city. Complicating the issue was a modification of the original plans and an application for variances by the property owner.

The planning commission has yet to act on the variances.

At the council meeting last week, Bill Smeed, San Jose attorney and former Campbell councilman, represented the Gold Seal Realty.

Smeed said that he did not feel the matter should be before the council until the planning commission had settled the variance question. He added that additional parking had been obtained which could possibly make the variances unnecessary.

The additional parking area that had been obtained, it was pointed out, was outside the city limits and it was questionable whether the city could specify its use.

In order to straighten things out and to give the planning commission guidance, Councilman Norm Paul moved that the parking area outside the city limits would not be acceptable. The motion carried 4-1 with Councilman Ralph Doetsch dissenting.

In another action, the council authorized the attendance of Fire Chief Gene Borden at an out-of-state conference in Sparks, Nev.

THE COUNCIL also approved increasing the towing charges from $15 to $18 for day tows and from $18 to $20 for night tows.

The council approved a live entertainment permit for the Iron Apple and also granted the Titan Protection Service a private patrol permit.

The council accepted the low bid of Honda for a motorcycle for the police department. The low bid was $1640.75, $529.80 less than the only other bid that submitted.

The council also authorized the expenditure of $2000 to oil and screen the unimproved portion of Capri drive which has been dedicated to the city from Hacienda north to the two parcels of property owned by the Martini family which has virtually a land-locked house on one of the parcels.

Also approved was a chain across the easement area which provides access to Capri drive to Hacienda that would be locked and only Green Valley Disposal company and the Martinis would have a key for use.

'Increasingly popular'

First mini-warehouses approved

PLANS FOR THE FIRST mini-warehouses for Campbell were approved by the planning commission Monday night as the commissioners emphasized the need for definite guidelines for this type of development in the community.

In approving eight warehouse buildings on Monday, the commissioners expressed concern over stereotyped, box-like structures that could result without basic architectural controls.

Five of the eight mini-warehouse buildings will be located at 125 Sunnyoaks, a short distance from San Tomas expressway and will be built by Public Storage Inc., represented at the planning commission meeting by Donald Hoffman.

The three other mini-warehouses that were approved will be located at 335 McGlincey lane with Stanley Scott as the applicant.

Hoffman described the new concept in warehousing as represented by the mini-warehouses at the commission meeting.

He said the spaces could range from 30-square feet to 300 square feet and that they have three basic users: (1) owners of recreational vehicles, boats, campers, etc., (2) owners of household goods and (3) the small businessman.

HE EXPLAINED THAT this type of warehousing has become increasingly popular because of the decrease in size of parcels for single family dwellings and for the trend toward apartment and condominium living.

The commission on Monday also approved plans submitted by the Westlands Bank for a temporary office building to be constructed at 1777 S. Bascom ave. The building will be 750 square feet and will be used as temporary banking facilities until the main bank building is completed. Plans for the permanent structure had previously been approved by the commission.

In another action, the commission denied without prejudice the long-pending application of Small Holders Associated, Real Estate, inc. (S.H.A.R.E.) for approval of plans, elevations and development schedule for a commercial-residential development on property at 591 W. Hamilton ave.

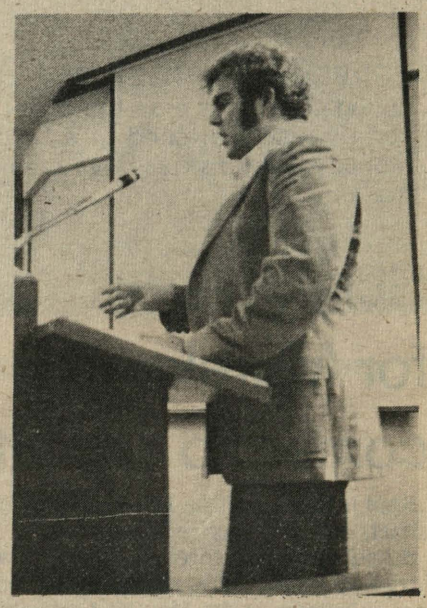
THE MATTER HAD come before the commission in July of this year and had been continued several times to work out the proposed square loop system, which has now been resolved, Art Kee, planning director, reported.

Kee added, however, that the applicant had not submitted new plans and had not communicated with the planning department and he recommended removing the item from the agenda.

The commission continued action on the zone change application of Sunrise Investment co. for property at 700 Gale drive.

A number of single family homeowners to the west of the property had submitted a petition favoring the zone change.

The continuation will allow the planning staff to determine whether or not there had been an error in the notice of hearing for the zone change as maintained by Fred Chez. He claimed the property is now zoned "R-M" instead of "R-2-S" as had appeared on the application.



WANTS BIKE ROUTES . . . Ben Gullo, chairman of the Youth commission, asked the city council at the last meeting to defer approval of the city's circulation plan until the recommendation of the youth commission had been submitted. The council agreed.

Final OK on parking garage deferred by planning commission

Plans for Campbell's first parking garage will be considered at the next meeting of the planning commission (Nov. 5), it was determined by the commission Monday.

The parking structure will cover 78,000 square feet and provide for 238 additional parking spaces at the PruneYard-Towers.

Because of some complications involving the city's subdivision ordinance, the planning staff has deferred official approval of the parking project.

However, Fred Sahadi, developer of the PruneYard-Towers, insisted (and was supported by Bob Dempster, city attorney) that the subdivision problem did not have to delay the commission's action on the plans.

However, the commissioners indicated that they preferred more time to view the plans and continued the hearing on the "special development permit" for two weeks.

New traffic flow

Traffic on East Campbell avenue was moving in a somewhat different fashion this past week.

On Friday, the public works department installed the barriers that prohibit traffic on East Campbell avenue crossing Bascom.

City officials were intently observing the long-awaited implementation of the public works plan to ease the heavy traffic flow on East Campbell avenue caused mainly by commuters.

siren sounds

OOPS!

A Campbell man was arrested on charges of attempted rape and burglary last week after an incident at a local apartment building.

According to police reports, a man entered the apartment of a Campbell couple late at night after the husband left to take a babysitter home.

The wife was awakened when what she thought was her husband crawled into bed. A few minutes later she heard a knock at the front door. As she rose to answer it she heard a strange voice say, "Don't answer the door."

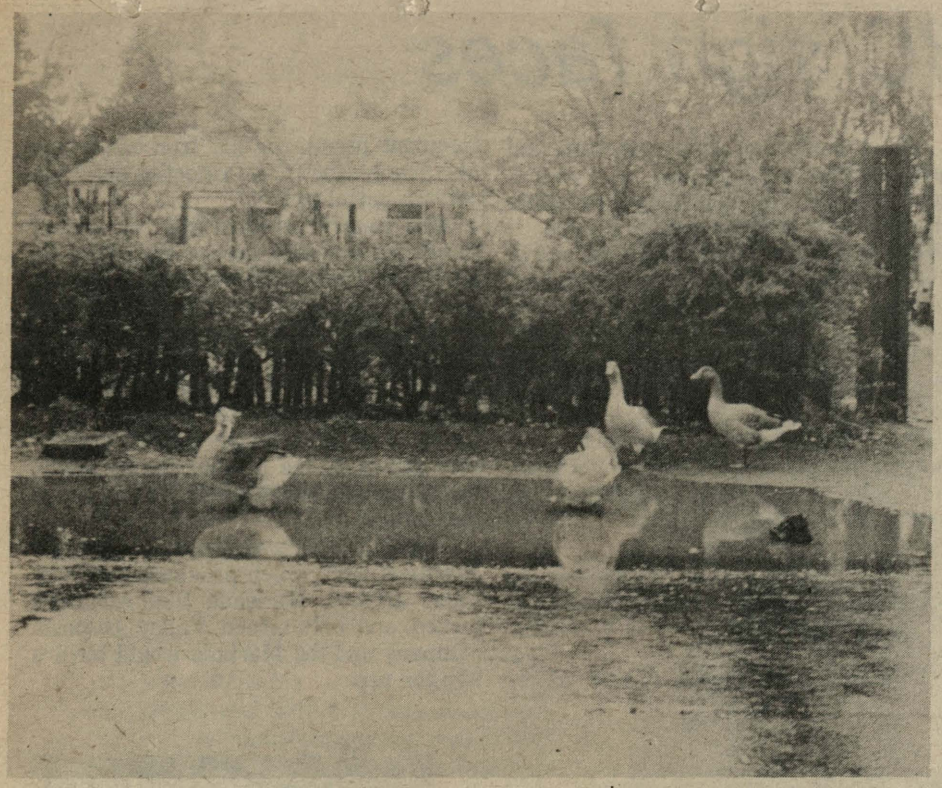
The wife ran screaming to the front door, which had been bolted from the inside. At the door was her husband who then chased the intruder from the house.

A few minutes later, as police searched the area for the suspect, they found a barefoot man watching from the sidelines. He claimed his wife woke him and asked him to go out and see what was happening and he'd forgotten to put on his shoes.

He was arrested at the scene after the couple made a positive identification . . . and the man's missing boots were found in the victim's apartment.

BILLIARD BURGLARY

Campbell Billiard center, 266 E. Campbell ave., reported losses of over $1,000 last week. Reported missing were six pool cues, cash and a camera.



PERFECT WEATHER FOR . . . geese, ducks and other water-loving creatures was the order of the day in Campbell recently. Some geese frolicked in a large puddle along Steinway avenue Monday. While skies have cleared for a spell, more storms are on the way.

'Irresitible theater - troupe entertains for free

This Saturday, Oct. 20, the Campbell public library will sponsor the "Irresistible theater," a new University of Santa Clara traveling drama troupe in a free public performance of two one-act comedies at 10:30 a.m. at the Gazebo in the PruneYard.

The players will present two plays from their rotating repertoire: "George Washington crossing the Delaware," which relives the patriotic episode through the eyes of a youngster and his own experience crossing a river, and "The chicken pie and the chocolate cake," a slapstick farce purely without serious intention, reminiscent of the Three Stooges or Abbott and Costello.

Working with Schultz in Irresistible theater are 11 Santa Clara drama students. Costumes have been designed by Marcia Frederick, and sets constructed by Ron Skolmen.

Witches' Caldron helps in fund raising

"Halloween Happenings," is the theme for the annual fund-raising event at Moreland school on Saturday, Oct. 20, from 11 a.m. to 4 p.m.

A haunted house, cake walk, apple dunk and Witches' Caldron, where lunch will be served, are some of the features planned at the school, located at Paye and Saratoga avenues in San Jose.

Proceeds of the PTA-sponsored function will be spent for field trips and audio-visual aids for the school, according to Nancy Price, chairman.

Label savers get projector

Blackford elementary school, 1970 Willow street, is in the midst of a "Labels for education" drive aimed at obtaining audio-visual equipment. The program is sponsored by Campbell soup company and offered to elementary schools.

Between now and Dec. 7, the school hopes to collect at least 20,000 labels, which will be redeemed for film strip projectors or a movie projector.

If you are interested in donating your labels, they may be brought any school day to Blackford elementary school office.

School aides for Moreland comes to recruit

SAM is coming to the Moreland school district, it was announced last week.

School aides for Moreland (SAM) is a district-wide program to recruit, train and place volunteers in the Moreland schools.

A coordinating committee, under the direction of Ann Jeffrey, is working with the district to get the SAM program underway.

Main purpose of the organization is to stimulate community interest in public education, supply the volunteer manpower requested by the schools, allow children more individual attention and enlarge the scope of the curriculum through enrichment programs, according to Mrs. Jeffrey.

Individuals of all ages, from all walks of life are needed for the program, Mrs. Jeffrey said. No teaching background is required, she said, only time, an interest in children and a desire to help.

For information contact the district office at 379-1370.

Local opthalmologist wins national award for education work

Dr. Richard L. Sogg, Campbell opthalmologist, was recently presented an award of merit by the American academy of ophthalmology and otolaryngology at a meeting in Dallas, Texas.

The award was given in recognition of the doctor's work over the past nine years in the continuing education program of the academy.

In addition to his local practice, Dr. Sogg also teaches at Stanford university medical center.

'Oedipus Rex' opens season at arts complex

The newly completed West Valley college performing arts complex will open its season Oct. 25, 26, and 27 at 8:15 p.m. with an elaborate production of Sophocles' "Oedipus Rex."

Under the direction of Jack C. Senteney, the tragic story of a king's struggle to escape a prophesy of doom will be unfolded.

The new theatre is located at 14000 Fruitvale ave., Saratoga. All seats are reserved, with tickets priced at $2 general and $1 for students and children under 12. Reservations may be made by calling 867-2200, ext. 324, Monday through Thursday, 12 to 4 p.m.

RACING THE RAINS to get work completed along Virginia avenue in Campbell last week were workmen installing telephone lines and cables.

Pistache, tulip trees to adorn Rincon park

By Thanksgiving Day, November 22, over 400 trees will be planted at Rincon Park, according to Frank Lewis of the public works department.

During early October, irrigation at the Rincon avenue site was completed and initial grading finished. Turfing of the area adjacent to Campbell elementary school should be completed within the next week, Lewis said, and tree plantings will begin within two weeks.

Some 24 varieties will be planted at the park with 125 15-gallon containers and 275 five-gallon containers on order. Varieties include weeping willows, Monterey pines, poplar, pistache and tulip trees.

Other projects to be completed before Thanksgiving include installation of restrooms adjacent to the Pony league field and turfing and street improvements for the park frontage along Rincon ave. The two-lane street fronting the park will be resurfaced, Lewis said, and street parking and sidewalks completed.

Large dirt mounds have been planted with ground cover on the side facing the San Tomas expressway. Turf will be planted on the side facing the park, Lewis said. The mounds were installed as noise and site buffers for the nearby expressway.

Plans for 1974 include installing play structures, more tree plantings, an amphitheater and completion of south parking for the park.

MOUNDS OF DIRT, to be used as noise and sound buffers, are in evidence at Rincon park in Campbell. Those fronting the San Tomas expressway have been planted with ground cover.

String openings in symphony

The West Valley symphony orchestra, under the direction of S. Ross Bergantz, has resumed its fall rehearsal schedule in preparation for its first concert of the season late this autumn in the new theater at West Valley's Saratoga campus.

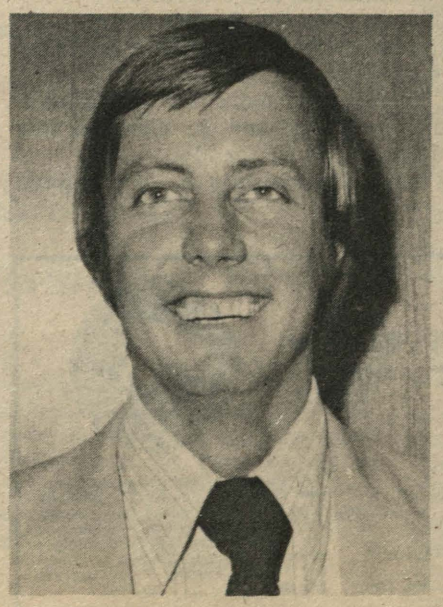
The orchestra is comprised of community people, who have such varied occupations as dentists, housewives, students, retired persons, administrators, and school teachers to name a few.

There are still some openings in the string section. Anyone wishing to play may call the college's Community services office, 379-9415, or attend one of the rehearsals.

All rehearsals are held on Thursday evenings at 7 p.m. in Music room 14 located in the humanities-fine arts complex on the Saratoga campus.

Campbell teacher heads council

Herb Wadley, former president of the Campbell elementary teachers association, was recently elected president of a new county-wide teacher's organization.

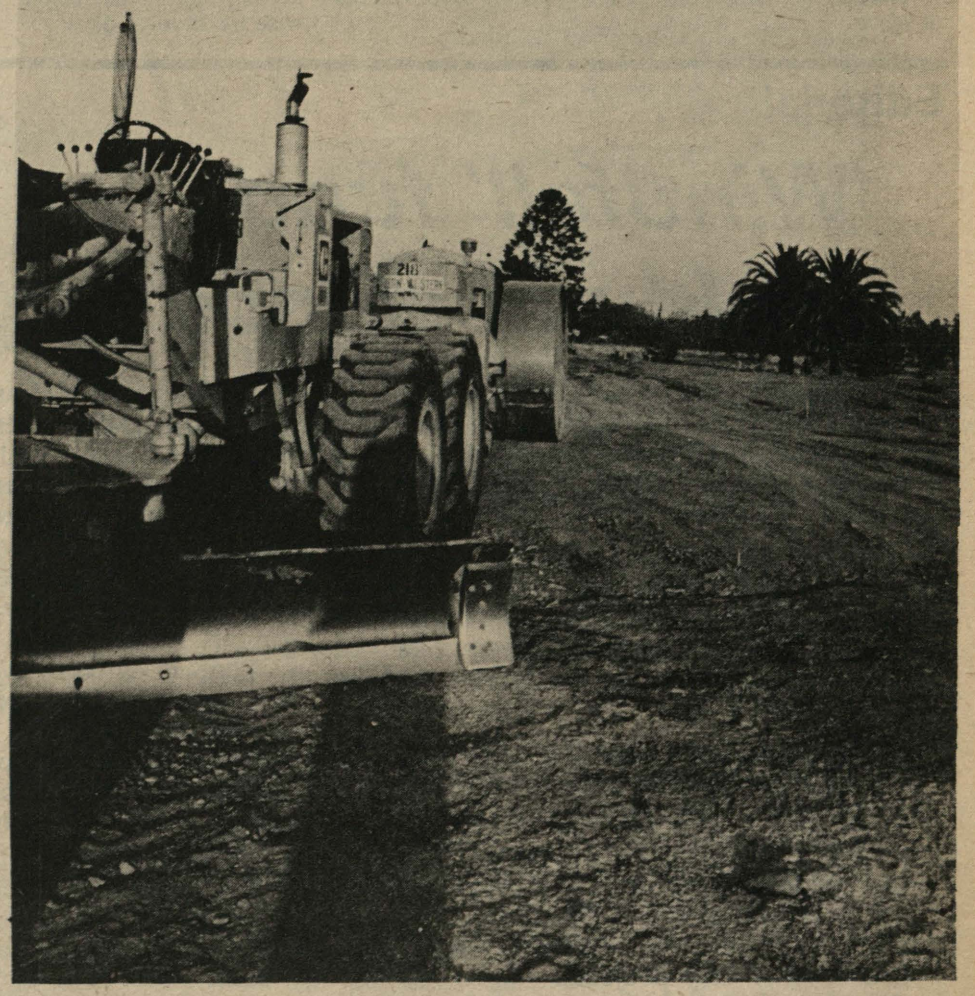


The Santa Clara county service center council seeks to fill the void of providing concerted action and support to any of the local organizations in need throughout the county, according to Wadley.

"We represent over 11,000 of the teachers in the county," the Campbell teacher continued. "Our major aim is to provide direct access and input into the organization of the California teachers association."

Vice chairperson is Lorene Heng while Ron Gilpatrick was elected secretary-treasurer. The steering committee includes; Joan Holden, Nate Wilson, Jim Mitchell and Al Syvertsen.

DANIEL DROKE was appointed business assistant for the Moreland school district by trustees earlier this month. His appointment to the new staff position was effective Oct. 1.



THE SOUND of heavy machinery can be heard at Rincon park as development of the Campbell site is underway. Pictured above is the machinery used for initial grading.

OUT ON THE LIMB

with George Vierhus

FOR THE PAST THREE issues guest columnists have filled this space with their written offerings. This change of pace, we are sure, was appreciated by most of you.

We are indebted to Homer Hyde, Jim D'Avis and Don Hebard for filling in so adequately during our vacation period.

Appropriately Homer, who is general manager of Campbell water company, wrote about water.

Jim, school district superintendent, devoted his "essay" to school issues and Don, planning commission chairman, covered a number of interesting items with special emphasis, of course, on future planning objectives of the community.

In other words, our so-called "fill-ins" this year were specialists or "pros". Their respective guest columns, therefore, reflected their particular expertise in specific fields.

That is, of course, in direct contrast to the usual material that appears in this column.

We are not really a "specialist" in any one field.

And it has been said that the regular columnist for "out-on-the-limb" seems to know something about everything but little about any one thing.

We imagine you have already surmised that.

• • •

AS AN ASIDE on the three guest columnists, you may have noted, as we did, that Don Hebard's column was much shorter than his two contemporaries.

We questioned Don about that.

He indicated that when the well runs dry, there is no use to keep on pumping.

Or something like that.

We suggested that such an allegory would be more apropos for the column that Homer Hyde turned out.

Homer, Y'see, wrote about water.

Shucks, we thought that planning people never ran out of ideas.

IN ORDER TO KEEP the record straight, we must admit that we were back on duty when the last guest column (Hebard) appeared.

Thus the explanation, "George Vierhus is on vacation. Guest columnist for this week is Don Hebard . . ." was not completely accurate.

But we were thinking ahead when we lined up our stable of columnists.

We thought we would be a little confused, if we barged right in the day after we arrived home, so we allowed for a respectful interval to elapse in order to get our feet on the ground.

And we needed it.

We had to find that day we had lost in flying in from Hong Kong.

According to schedule, we arrived at the Oakland airport just three and one-half hours after leaving Hong Kong the same day.

But we have bad news for you.

That may be how the clocks recorded it. But the body knew differently. In those "three and one-half hours" we had dinner, cocktails and breakfast on the plane and there was still time for a two and one-half hour movie and a fitful sleep.

The plane made two refueling stops of two hours each, one in Guam and the other in Honolulu.

As most of you know, on the flight from Hong Kong to Oakland the international date line is crossed. You lose or gain a day, depending on which way you are heading.

During the years, we have experienced setting our clock ahead or back while crossing the time zones in this country. But in those cases one loses (or gains) only one hour at a time.

This was our first experience of tossing out a whole day of our life.

Obviously we were not able to recover the day after we arrived home. In fact we lost a couple more, it seems, getting back to our routine. We remained confused timewise for several days.

It is called "jet-lag".

At least that's what they tell us.

We have another name for it.

But this IS a family newspaper.

• • •

HONG KONG IS a fascinating place and we enjoyed our stay immensely.

The trip accounted for a couple of "firsts" for us.

To begin with, the plane was a DC-10 which is absolutely massive!

It was by far the biggest plane we had ever been on.

With 340 passengers, plus crew (there were 10 stewardesses), there were some audible sighs of relief whenever the plane made it into the air off the runway.

There were some aboard, we betcha, who were concerned as to whether the big bird would ever get off the ground. But it made it every time.

On the way over, the plane landed in Tapai in Tiawan and on the way back on Guam.

We recall that the passengers on both those occasions broke into spontaneous applause when the plane hit the runway.

We think it was because those islands look like such tiny, tiny dots in the midst of the ocean on the maps.

Quite candidly we never worry about such things when we are on board a plane . . .

In the first place, we think it is too late to worry.

In the second place, we haven't the faintest idea what makes them fly in the first place.

• • •

ANOTHER FIRST was the ride in the hydrofoil from Hong Kong to Macau, the Portuguese colony on the Chinest mainland.

That's quite a boat.

It skims across the water (it looks as if it is above the water) at a rapid clip.

It takes about an hour to go from Hong Kong to Macau, which is approximately 40 miles or so away.

That's really traveling on water.

Quite obviously we could fill the rest of this column with tidbits from Hong Kong.

We have filled two paragraphs already and we have only touched on the plane ride there and back and the hydrofoil trip to Macau.

Naturally we did spend some time on land.

But we can tell you about that some other time.

• • •

OUTSIDE OF THE BOWL games on New Year's day we doubt if there have ever been more athletic contests on the tube in one day than was the case a week or so ago.

And we are not sure but maybe even New Year's was surpassed.

At least during the bowl games there was not the overlapping that occurred with two baseball and two football games keeping the air waves in a turmoil.

We found it dangerous to turn from one channel to another because, invariably, our timing would be wrong.

We would miss an outstanding play each time we twisted the dial.

Someone said that it would have taken four television sets all going at the same time to have kept in touch with all the contests.

That would have been too confusing to suit us.

We found that we were getting games mixed up as it was.

We did manage to keep the baseball and football contests separate in mind. But that's about all.

Of particular interest to us was the fact that two former Campbell high school stars participated in two of the contests that were televised that one day.

One was Craig Morton, who handled the quarterbacking chores for Dallas for a time, and the other was Don Hahn, who played centerfield for the Mets.

We wonder how many high schools in the country could boast of that achievement?

Editorial

'Windfall' funds could unbalance city

A REPORT TO THE city council last week revealed that $163,914 of federal revenue-sharing funds that the city has received has been allocated for park development program of the city.

The city has received $304,988 in revenue-sharing money at the time of the report in four separate checks. (Since the report was submitted another check has been received representing the first six-month period of the fiscal year.)

We find no fault with the expenditure of more than 50 per cent of these "windfall" funds for parks. The city has long been lagging in this area.

But we emphasize that it is possible to become over-balanced on the parks and recreation front just as it is possible to go overboard in other city projects.

Keeping the city in proper balance is a difficult task at best and the city administration must constantly be on guard so that one development is not out of proportion with another.

We have always found that certain specific civic projects are never lacking in support and interested citizens will push for their favorite in an enthusiastic manner.

Unfortunately, some civic projects that are equally important to a well-balanced city do not have the appeal that others might have and, consequently, do not receive the public support.

That is what we mean by keeping the balance, i.e. the weighing of one project against another.

Obviously parks and recreation has more "glamor" attached to it than, say, storm drains or street improvements.

But all will concede that each has its place in a well-balanced community.

We submit also that in addition to the initial outlay, it is important to know what the sustaining costs will be for the various civic projects.

We suggest, therefore, that additional expenditures for parks and recreation must be scrutinized very closely with that objective in mind.

Other districts studied

Affirmative action group still learning

THE AFFIRMATIVE Action subcommittee for the Campbell union (elementary) school district "still has a great deal to learn," Trustee Jennie Vaughan told the board Thursday evening.

Some 12 models of programs in other agencies have been studied, Fred Peterson, assistant superintendent reported, but the committee plans to explore several other areas before making a definitive report.

Trustees Vaughan and Gordon Abbott were appointed at the Sept. 27 meeting of trustees. At that meeting recommendations were submitted by Superintendent James D'Avis calling for appointment of an affirmative action officer for the district and selection of an affirmative action committee to develop a recommended plan for the board to consider.

Citing the need for further information before the board acted, a majority of the board voted to form the subcommittee to report back to the board.

At Thursday's meeting Trustee Dr. Richard MacQuiddy voiced disappointment over the delay in the subcommittee's report. Action on the proposals were already delayed two weeks, he said, and were now put off another two weeks, if not more. "When are we going to do something about it?" he said.

TRUSTEE ABBOTT countered that the board was not "stalling" but was trying to get as much information as possible. He cited difficulties in other districts which occurred, in part, because not enough initial study had been carried out.

IN OTHER ACTION the board:

• Approved board policy revision on bids. The revision includes a stipulation that, "all bids received in accordance with specifications shall be opened at a public meeting conducted by the Superintendent, or his designate, at the hour and in the place prescribed in the bid specifications." Prior to the revision, all bids were opened at board meetings.

• Heard a request by the Campbell elementary teachers association that the board officially oppose Proposition 1 on the Nov. 6 ballot. The CETA also submitted a resolution for the board to consider, calling for the measure to be voted down.

• District business manager Dr. A. O. Bachelor presented a five-page statement in which he stated his personal opposition to the proposition. His concerns centered around the "lack of consistence," he felt were inherent in the proposition and the "infringements of the process of representative democratic government."

Trustees directed the administration to draft a resolution opposing Proposition 1 for adoption at the next meeting.

• Granted official recognition to the West Valley federation of teachers and the CETA.

• Heard a first reading on two policy revision dealing with audit procedures in the district. The first would establish an audit committee, composed of two board members, who would meet with the auditor before and after audit, review accounting procedures, financial reports and internal controls and provide direction regarding the implementation of the auditor's recommendation. The committee, which would serve for a year, would also submit a summary report to the board at the end of its term.

The second revision eliminates the policy calling for quarterly audits in the district. According to Bachelor, this policy has not been followed for the past two years, and prior to that time was only occasionally implemented. The new policy would call for annual audits. With the controls presently imposed by county and state offices, and the annual audit, Bachelor said, there is no need for quarterly audits.

• Heard a request by the Cypress Home and School club to hold a board meeting at the school February 24, 1974 as part of the school's parent education program.

Trustees said they had no objections to holding a board meeting at the elementary school with one exception; "Will you save us five parking places," Dr. MacQuiddy asked representatives of the school club, citing the chronic parking problems at the 403 S. Cypress ave. site.

Westmont Happenings

Tennis, swim teams face challengers soon

By DIANE DONIELSON

Greetings! And welcome to the second edition of the Westmont Happenings column. We hope you enjoyed the first installment and will become regular readers of this column.

Upcoming news and events

This Friday the Warriors meet the Branham Bruins on the Bruin field at 3:30. The girls' sports tennis team has a meet this Thurs. at Los Gatos. Good luck, girls! The swim team faces Leigh and Blackford Thursday.

The senior class play this year will be "Harvey." It's the story of a kindly old man and his rabbit friend. The man will be played by Steve Noble. Come to the play to see who plays the rabbit. More details later.

Nostalgia

Last week Westmont appeared to have reverted to a school of the 1960's. "Nostalgia week" was an enormous success. On Monday the surfing band, Papa-do-Run-da-Run, played at a series of three assemblies. Many people were apprehensive at first about listening to them but by the end of the assemblies the majority of students were anxious to attend the dance concert.

The favorite song by far was the old Beach Boys' song, "California Girls," especially since they dedicated it to all the girls in the audience. The interest in the concert was illustrated by the fact that it was sold out completely a day before. Wednesday was the limbo contest, which Kathy Bean won. For her efforts she received a free ticket to the concert.

Not to be outdone during the week, the yearbook staff sold old Poniards. Quite a few students jumped at the oppotunity to purchase the yearbooks of former days. The price of $1 was a bargain by any standards.

Camping on school time

Redwood Glen is a school-sponsored camp in the Santa Cruz mountains that is attended by sixth graders throughout the county. It gives them a chance to get away from the "city" life and get in tune with nature. Naturally they need supervision and thus the districts turn to the high schools.

This week is the first session of the camp and six students from Westmont will attend. Their duties range from cabin counselors to nature guides. To be eligible for this opportunity the student must have a good attendance record and fairly good grades as you miss a week of school.

Not only is this camp beneficial to the sixth graders but also to the high school seniors. It enables them to see how younger kids react to nature and also make some good friends in the process. There are many sessions of the camp throughout the year, which is good, as many more signed up than were able to attend.

Letters to the Editor

Thanks for the Disneyland trip

EDITOR:

The members of the Prospect high school marching band and the Boosters club would like to thank the people of the community and the merchants for their support in helping to send the band to Disneyland. Your kind generosity in all of their fund-raising activities is greatly appreciated.

Ellie Rumbaugh
Publicity Chairman

BUSY CORNER at Winchester and Campbell avenues last weekend as the Campbell Friends of the Library held their annual book sale. Proceeds of the sale are earmarked to support the Campbell branch of the Santa Clara county library, according to sale chairman Grace Hebard.

Clipped Wings presents ski festival

The San Jose chapter of Clipped Wings, United Air Lines Stewardess Alumnae inc., will present a ski film festival Oct. 27 at Mitty high school cafetorium, 5000 Mitty ave., San Jose.

Membership in the chapter includes residents in Los Altos, Sunnyvale, Mountain View, Saratoga, Los Gatos, Cupertino and San Jose.

The day's events will include a 1 p.m. matinee for ski enthusiasts from elementary school through college age and an 8 p.m. evening program, including a fashion show, for adults.

Proceeds from the tickets—$2.50 at night and $1 for the matinee—will go to the Zonta children's center, a day school for emotionally disturbed children in San Jose. Tickets may be obtained from Mrs. Roger Graham of Monte Sereno, (408) 354-2546.

Tradition established— pastor presides again

Mission Santa Clara was the setting for the candlelight wedding uniting Elizabeth Lee (Lisa) Congdon and Gilbert Sakima.

Officiating at the nuptials were the Rev. Gunnar Hoglund of Emmanuel Baptist church, Santa Clara and the Rev. Deane F. Babbitt, retired pastor of the First Presbyterian church. The Rev. Babbit had performed the wedding ceremony for the bride's parents 25 years ago in Hanford, California.

The bride, daughter of Mr. and Mrs. Donald B. Congdon of Campbell, is a 1970 graduate of Campbell high school where she was a member of the Pirettes. She was also a member of the Job's Daughters Bethel 174. She is presently attending West Valley college.

The groom is the son of Mr. and Mrs. Soei Sakima of San Jose. He is a graduate of Blackford high school and attended San Jose state university. He is employed by the United States post office.

Lisa, who was given by her father, wore her mother's wedding gown. The candlelight satin and lace gown was designed with an off-the-shoulder effect and featured a chiffon yoke, fitted bodice and long tapered sleeves. The full shirt, designed with lace insets, was draped at each side and fell into a long train. A three-tiered candlelight net veil edged with lace and secured with a lace cap completed the bride's costume. She carried a bouquet of white orchids, daisies, stephanotis and baby's breath.

Deborah Congdon, the bride's sister, attended her as maid of honor. Cynthia Congdon and Laurie Congdon, also sisters of the bride, served as bridesmaids along with Sharon Sakima, the groom's sister; Andrea Macer and Maureen McGuire. The attendants were dressed alike in long pale yellow dotted swiss gowns and matching wide brimmed garden hats. They each carried a nosegay of yellow and white daisies.

It was the same gown her mother was married in, and it was the same minister that united her parents when the former Elizabeth Lee Congdon married Gilbert Sakima at Mission Santa Clara.

Steve Harris served as best man. Guests were seated by ushers Dean Sakima, the groom's brother; Dale Yoshihara, Mike Cardinali and Bill Church. Vocal selections were offered by Ann and Jack Willnetz.

For her daughter's wedding Mrs. Congdon chose a long coral and white voile gown. She wore a white orchid corsage.

Mrs. Sakima, mother of the groom, wore a floor length aqua chiffon gown and a white orchid corsage.

A reception in the mission gardens followed the ceremony.

The newlyweds, who honeymooned in Monterey, Yosemite and Lake Tahoe, are making their first home in San Jose.

Nelson, Montgomery vows said, newlyweds off to England

Joan Elise Nelson Montgomery

Joan Elise Nelson and sergeant William Douglas Montgomery were married recently in a double-ring ceremony performed by the Rev. Glenn D. Anderson. The vows, written by the bride and groom, were exchanged at the Willow Glen Baptist church.

The bride is the daughter of Mr. and Mrs. Morgan Nelson of San Jose and the groom is the son of Mr. and Mrs. Robin Montgomery of Campbell.

The bride, given away by her father, wore an empire-style gown of silk organza and lace with bishop sleeves, an A-line skirt and detachable train. Her lace-trimmed silk illusion veil was secured by a camelot cap. She carried a bouquet of white roses and baby's breath.

Gayle Schlaegel attended her as maid-of-honor and wore an empire-style gown of royal blue crepe with a white cotton lace bodice. Bridesmaids Mrs. Mike Beck, Diane Johnson and Jill Montgomery, sister of the groom, were gowned alike in light blue gowns in the same style as that of the maid-of-honor. The attendants carried nosegays of blue and white flowers.

For her daughter's wedding, Mrs. Nelson chose a floor-length princess-style gown of powder blue chiffon with a matching floor-length vest. She wore a white orchid corsage as did Mrs. Montgomery, mother of the groom, who also wore a powder blue gown which featured an empire waist and A-line skirt.

Changes at Del Mar— new brunch, elections won

By BECKY CESAR

DEL MAR HAS some new changes concerning the old dean's office. It is now called the student service center and for the first time all the counselors, deans and director of activities are located in the same building.

Del Mar's spirit commission consists of 28 girls. They have put on one rally so far and will hold another rally on Friday, Oct. 19. This year's lettergirls are: Stacee Schlosser, Vicky Bardo, Joyce Heimann, Becky Hunt, Julie Burtis, Jeannie McGuckin, Vana Fearnside, Denise Benner, Becky Cesar, Rhonda O'Shea, Kristi Buckenmeyer and Liz Lopez. The song girls are: Jennifer Calvert, Jo Ereno, Lynn Olivarri, Cyndi Lee, Linda Symons and Cathy Yee. The mascot, the "Don," is Janette Goyette. Varsity cheerleaders are: Donna Adams, Lynn Hunt, Maria Nasca, Becky Catanzaro and Cindy LaMar. The JV cheerleaders are: Sue Tsurumaki, Jane Shannon, Janet Fischer and Diane Davis.

Brunch, a 20-minute break between second and third periods, began this week. The snack bar and the concession machines are open during this time. Brunch is on a trial period for a few weeks and if it's unsuccessful it will be terminated.

DEL MAR'S VARSITY football team walked all over Westmont as they whipped them 28-8. The JV's were unsuccessful as they lost to Westmont 26-0. This week they play against Los Gatos in a night game.

Class officers were recently elected. The senior class elected Liz Rowe as president, Carol Ichikawa as vice president, Nancy Antone as secretary and Diana Weatherholt as treasurer.

The juniors elected Judy Slater for president, Gaylynn No-Zumi as the vice president, Vicki Konno as the secretary and Joan Busch the treasurer.

Carolyn Turturici is the new sophomore president, Jon Carsons the vice president, Terri Elbe the secretary and Lys Schuyler the treasurer.

Grace Ereno became the freshman class president; Vikki Hayashi the vice president, Sue Harvell, secretary, and Leslie Jo Klekman, treasurer. The new freshman representatives are: Nina Benevento, Ann Fiock, Margaret McEwen and Sherry Ross.

Halloween inspires schools to spooky doings Oct. 26

It's "Pumpkin Walk" time at many Campbell elementary schools, along with Halloween parades and festivals.

At Cypress school, the great pumpkin walk begins at 7:30 p.m. on Friday, Oct. 26, with separate walks for the little folks and the middle school students.

Sherman Oaks school has supplemented this year's pumpkin walk with the addition of a haunted house set up by sixth grade students. Their program is also on October 26 and begins at 6:30 p.m.

On the same date Marshall Lane is preparing a similar activity from 7 to 9 p.m. Fun and games are planned with children able to win free pumpkins. Refreshments will be served.

Lynhaven school is having their pumpkin walk and drawing on that Friday, too. Time is 7:30 to 9:15 p.m. Pie, doughnuts, coffee and apple cider will be served in the cafetorium while the walks will be routed through eight classrooms.

San Tomas has selected the same night for their Annual Pumpkin Festival. Activities run from 7-9 p.m. and include a spook house, costume contest (with prizes), a sponge throw and a bean bag toss. Pumpkin bread, pumpkin and apple pie, coffee and punch will be served.

At Capri, the walk will start at 7:30 til 9:30 p.m. on Friday, Oct. 26. Pie, cider, caramel apples and coffee will be served. Door prizes will be awarded throughout the evening.

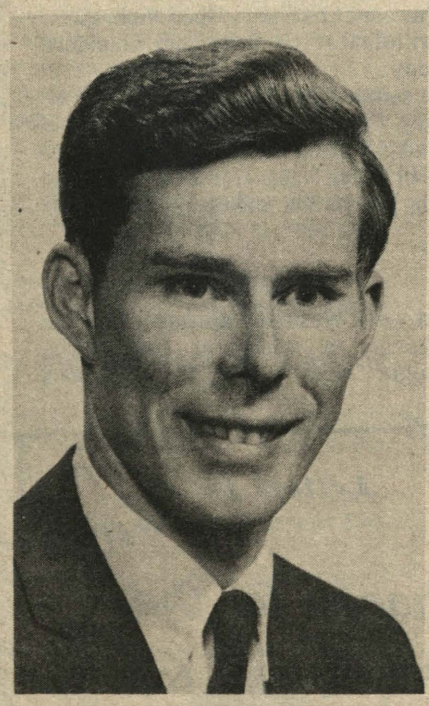
Quito school is holding its Halloween party on Oct. 31, from 1-3 p.m. Costume contests, a parade, a talent show, a pie eating contest and a pumpkin walk are planned, with prizes.

Parkway school will hold its pumpkin walk on Thursday, Oct. 25, from 6:30-9:30 p.m. Refreshments and prizes are planned.

Castlemont school is cooperating with Moorpark and Monroe on a Family carnival Saturday, Oct. 27, from 12 to 4:30 p.m. A supervised parade begins at Monroe school at 11:30 a.m. ending up at Castlemont for games, food and other activities during the afternoon.

Hazelwood school has planned a spaghetti dinner for Friday, Oct. 26, from 5:30-7:30 p.m. A cake sale will be held then. Menu includes salad, French bread, spaghetti, dessert and beverage. Cost is $1.50 for adults and $1 for children.

Hamilton school has set the same date for their Halloween social from 6:30 to 8:30 p.m. Costume contest, spook house, free games and prizes are planned. Bumbleberry pie, coffee and punch will be sold. Hamilton students only are encouraged to attend.



BILL PALMATIER, a teacher for the Oak Grove school district and a graduate of Westminster Choir college, Princeton, New Jersey, has joined the staff of the First United Methodist church of Campbell as the new director of music.

System less abused in Santa Clara county

Grand jury works but change is due

'I don't think any member of the grand jury doesn't see some fault with the system'

By SUSAN COHEN

The picture painted of the Santa Clara county grand jury depends on who is holding the brush.

But there is general agreement on two things: it is abused less than grand juries in other parts of the state and country; and it could be made better.

THIRD OF THREE ARTICLES

Many of the suggestions for reform this year. Here are some of them:

• There should be two grand juries, one for criminal indictments and one to watch over county government.

This would allow the grand jurors more time for their county investigations. Many grand jurors and officials favor this suggestion and add to it that the criminal grand jury could become more representative while the county government could continue to be a "blue ribbon committee." Some grand jurors say they would miss the variety if the functions were separated. Legislation to effect this change was introduced in Sacramento this year but didn't pass.

• End the criminal indictment function of the grand jury.

This has been suggested recently by the national advisory commission on criminal justice standards and goals in a report to the Justice Department. The report said that grand juries were expensive and did not fulfill the function of protecting the individual from the state.

• Select the grand jury randomly from voter registration lists.

This has been suggested because of recent challenges over the sexual, racial, and age make-up of grand juries. Several legislative attempts to require this have failed in recent years. In San Francisco county, after a controversy stirred up by former grand jurors, a compromise was reached to allow citizens to volunteer for the grand jury list. Judges still make the final selection.

• Increase grand jury pay so that more working people could afford to serve.

A bill which allows counties to increase the fee from $10 to $25 a day was signed into law this year.

• Allow the grand jury to look into city, as well as county, government.

Strong pressure from the cities has kept the grand jury out of city government, but legislation to allow them this function was passed this year and been signed into law.

• Give the grand jury an independent staff and a larger budget so that it can investigate government more thoroughly and independently.

A bill which became law this year increased the budget for hiring experts and assistants from $7,500 to $25,000 a year.

• Provide for longer terms for grand jurors and stagger those terms so that there is always someone on the panel with experience to follow-through on projects.

A constitutional amendment which would have provided for two-year staggered terms was not passed this year.

• Open up secret grand jury transcripts to defendants if it is relevant to further criminal proceedings, even if the grand jury had not returned an indictment.

This law was passed by the legislature this year but was vetoed by the governor.

• Allow defense attorneys to argue before grand juries.

Lawyers who suggest this agree that it might rule out the need for the grand jury, since the proceedings would be very much like those for a preliminary examination. But they argue secrecy could still be preserved.

It all adds up to some changes for the Santa Clara county grand jury.

As a member of this year's grand jury said, "The grand jury works — but I don't think any member of the grand jury doesn't see some fault with the system."

Added transit service

Bus routes unveiled — it will be a 'mess'

By SUSAN COHEN

THE COUNTY transportation commission has unveiled the bus routes for its new spring service. It has also predicted at least a $6 million deficit and a "mess" when the service starts, next June.

"If you think it was a mess in July that was nothing," warned chairman Donald Frolich, Cupertino city councilman.

The transit district initiated interim service in July amidst clogged information lines, inadequate maps and confused patrons.

"I urge every commissioner to take his vacation next June," public works director James Pott told the commission facetiously.

The new service, which must still be approved by the transit district, will include 19 fixed bus routes extending over 650 miles of the county. About 116 buses will ply these routes at anywhere from 15 minute to 30 minute intervals. One route, down to Gilroy, will be serviced at 60 minute intervals.

THE REPORT PREPARED for the commission notes that "any or all of these service frequencies may be upgraded during peak hours to handle demands."

In addition, 85 buses will be used for a new "dial-a-ride" system.

Patrons will be able to phone in requests and be picked up at their homes and delivered to a bus route. They can also call for a bus to take them from that route to their home.

"It will be the largest dial-a-ride system in the world," predicted Roy Helsing, a director of Lex Systems Inc., which designed Santa Clara county's dial-a-ride.

DIAL-A-RIDE IS expected to operate with a maximum waiting time of one hour after the phone call is received.

The county has been divided into 18 service areas for the system. While fixed routes operate across these boundaries, within them a person may call dial-a-ride and be taken right to his or her destination.

Under the new system, or instance, there would be three ways to get to Lockheed. If you live on a fixed bus route, you just get on the bus. If you do not live near a route, you can call dial-a-ride to get you to one. Or, if many people from one spot want to go to Lockheed, they can call dial-a-ride and taken there directly.

WHEN THE COUNTY is able to order more buses, dial-a-ride is expected to accommodate about 14,000 trips a day. But it will start by serving about 5,000 trips a day.

"If the system is a roaring success we won't be able to serve everyone in the county," Frolich said.

"The limiting factor is that every bus would be bursting at the seams," he said.

But, he added, that would be better than "running an empty vehicle all over the place," as occurs now.

Pott predicted that "the bus element is only the first step of the district." He said that ultimately the fixed bus routes might be converted to a rapid transit system.

EVEN WITH PREDICTIONS that this is a first step, the commissioners estimated a $6 million deficit for which no sources of funding have been found.

Some federal funds are available but as of July 1, 1977, the district will have to start matching those funds.

"We know that downstream someplace we have some financial problems," warned Frolich. "But it's hard to worry about draining a swamp when you're up to your armpits in alligators and this is where we are now."

'Downstream someplace we have some financial problems. But it's hard to worry about draining a swamp when you're up to your armpits in alligators'

Fall fashion preview — it's blue on the bus

The transportation commission last week got a peek at the new uniforms bus drivers will be wearing.

Information officer, Frank Lara modeled, the outfit, which will be a matching blue jacket and pants over a light blue shirt.

The music was missing, but Lara delivered the patter like a professional, noting the "ski jacket zip," and the "slits for a certain amount of give."

"When you bend over it still covers your shirt and when you sit down you don't sit on the tail," Lara said, demonstrating.

"This is not a doubleknit so it won't stretch or snare," he said.

Commission chairman Donald Frolich bemoaned the fact that "no young woman in the county could be convinced to model this."

But a woman commissioner piped up: "Oh, I like having a man model."

Lara continued with his presentation without a blush apparent.

service notes

GRADUATES

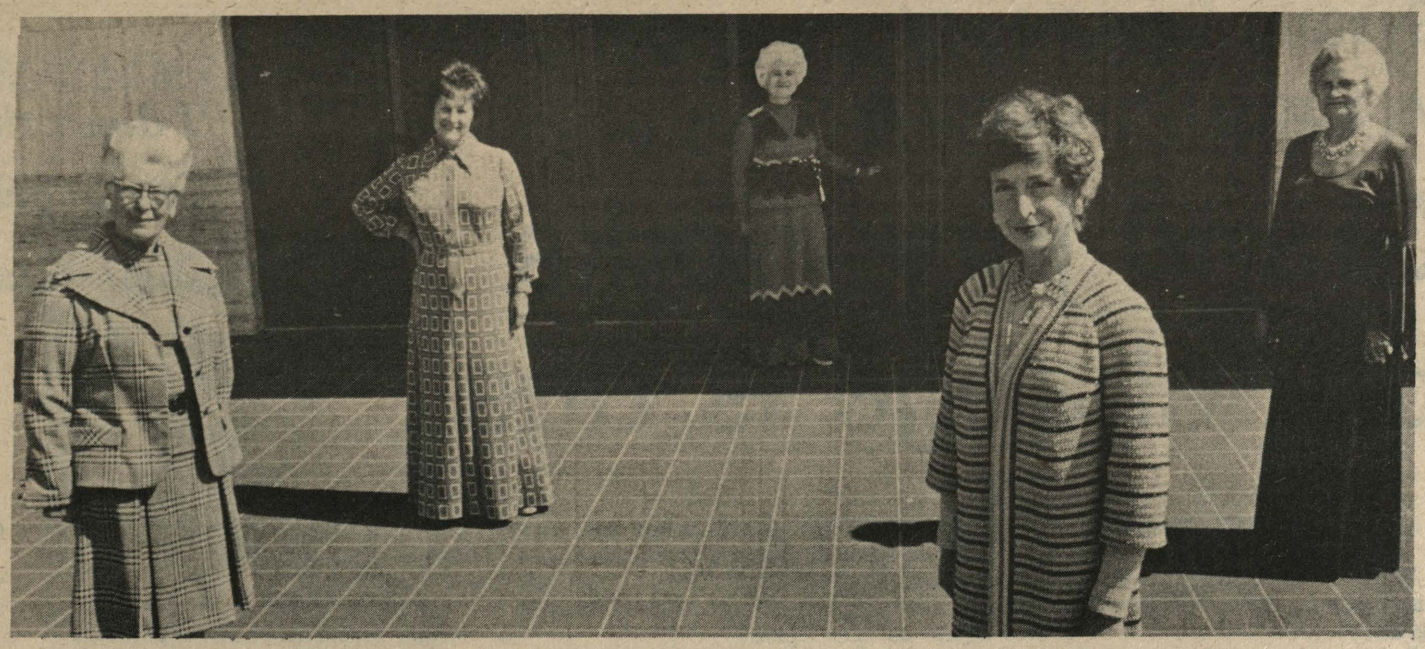
Airman Dirk J. Mantele, a graduate of Wilcox high school, Santa Clara, and the son of Mrs. Billie S. Beebe, of 1123 Erin Way, Campbell, has graduated at Lowry AFB, Colo., from the U.S. Air Force missile guidance specialist course. He has been assigned to Spangdahlem AB in Germany.

Campbell parents' back to school night features rally, spirit

Campbell high school's doors swing open October 17 at 7:30 p.m. to welcome parents to the annual back to school night.

Parents will have the opportunity to follow their children's daily class schedule and meet their instructors.

At the end of the last period there will be a short demonstration rally in the boy's gym featuring the Campbell high school band and the Spirit club, including the Pirettes, song girls and cheerleaders.



FASHION SHOW MODELS are shown above in front of St. Lucy's church in Campbell where the Santa Clara Valley district of the California Garden Clubs, inc. will hold their annual salad luncheon and fall fashion show Friday, Oct. 26, beginning at 11 a.m. Shown above, from left, are Mrs. William Morgan, show chairman; Mrs. John Coughlin, Campbell garden club; Mrs. Charles Buran, Dig and dream garden club; Mrs. Jack Lindquist, Las jardinieras garden club; and Mrs. Harry La Rocca, Campbell garden club. For luncheon and show reservations phone 258-6256.

Surber-McElligott plans announced at home brunch

Mr. and Mrs. Reed Surber chose the occasion of a champagne brunch at their home on Francis drive in San Jose to announce the engagement of their daughter, Kristie Ann to Michael J. McElligott, son of Mr. and Mrs. Owen McElligott of San Jose.

Kristie is an alumnus of Del Mar high school and the university of Santa Clara where she is a graduate student in the school of business. She is employed by a local department store in Santa Clara.

Michael is a graduate of Archbishop Mitty high school and the university of Santa Clara. He is presently attending Gonzaga university law school in Spokane, Washington.

An August wedding is planned for next year.

Kristie Ann Surber

Kaleidoscope

YWS AUCTION

"Ye Olde Country Faire," is the theme of an auction to be held on Tuesday, Oct. 23 at 7:30 p.m. in the meeting room of Northern California Savings, 10250 S. Saratoga-Sunnyvale road, Cupertino.

Tickets are $1.

NEW MEMBERS

Five new members were welcomed at the recent meeting of the Campbell 4-H club. They are: Kathy Todd, Debbie Homes and Laura Kammerude.

At the meeting committee reports were given by Lisa Teafatiller and Jim Sturtevant and project reports presented by Sue Faris, Jill Yamashita, Marian Kamlin and Lisa Teafatiller.

LEGAL NOTICE

NOTICE INVITING SEALED PROPOSALS OR BIDS
COUNTY SANITATION DISTRICT NO. 4 OF SANTA CLARA COUNTY, CALIFORNIA

SANITARY SEWERAGE PROJECTS NO. 1973-2
UNITS 1 and 2

Pursuant to the Municipal Improvement Act of 1913, and the resolution directing this notice adopted on September 26, 1973, by the Board of Directors of the County Sanitation District No. 4 of Santa Clara County, said Board invites sealed proposals or bids for the construction of sanitary sewer mains, wye branches, risers, manholes and sewer laterals, as more particularly described in Resolution of Intention No. 73.9.192, adopted by said Board on September 26, 1973, which resolutions are on file in the office of the District Secretary and to which reference is hereby expressly made for a more particular description of that portion of the work to be done which is included in the assessment district.

All of said work is to be done at the places and in the particular locations, of the forms, sizes, dimensions and materials, and to the lines, grades and elevations as shown and delineated upon the plans, profiles and specifications made therfor and preliminarily approved by said Board on September 26, 1973. Bids are solicited for work Units 1 and 2 as shown in said plans and specifications.

Payments will be made in cash by said District to the Contractor in accordance with the provisions of the specifications, and on itemized estimates duly certified and approved by the District Manager and Engineer submitted in accordance therewith, based on labor and materials incorporated into said work during the preceding month by the Contractor. The District will advance the necessary funds to make the progress payments from the General Fund pending receipt of funds from the sale of bonds to represent unpaid assessments. This provision supersedes any provision to the contrary set forth in subparagraph (a) of Paragraph 37 of Part II of the Special Conditions. District shall retain ten percent (10%) of the amount of each such estimate, and the accumulation of said amounts so retained from said progressive payments will be paid to said Contractor thirty-five (35) days after the completion and acceptance of said work by said District Manager and Engineer and said Board of Directors.

Notice is hereby given that on September 26, 1973, the Board adopted the general prevailing rate of per diem wages to be paid to the various craftsmen and laborers required to construct said improvements, a copy of which is available to any interested party on request at the principal office of the District at 100 East Sunnyoaks Avenue, Campbell, California 95008.

All proposals or bids shall be accompanied by cash, a cashier's or certified check payable to the order of the District Secretary, amounting to ten percent (10%) of the bid, or by a bond in said amount and payable to said District signed by the bidder and a corporate surety, or by the bidder and two sureties who shall justify before any officer competent to administer an oath, in double said amount and over and above all statutory exemptions. Said check shall be forfeited or said bond shall become payable to said District in case the bidder depositing the same does not, within 15 days after written notice that the contract has been awarded to him, enter into the contract with the District.

The Contractor shall furnish a surety bond in an amount equal to one hundred percent (100%) of the Contract price as security for the faithful performance of this Contract and shall furnish a separate bond in an amount at least equal to one hundred percent (100%) of the Contract price as security for the payment of all persons performing labor and furnishing materials in connection with this Contract.

Said sealed proposals shall be delivered to the District Manager and Engineer on or before 2:00 o'clock p.m. on Wednesday, the 7th day of November, 1973, at 100 East Sunnyoaks Avenue, Campbell, California 95008, said time being at least fourteen days from the time of first publication of this notice. Bids will be publicly opened, examined and declared on said day and hour. Said bids will be referred to and considered by the Board at its meeting at 7:45 o'clock p.m. on Thursday, the 8th day of November, 1973.

A copy of the plans and specifications may be obtained from County Sanitation District No. 4, 100 East Sunnyoaks Avenue, Campbell, California 95008, upon deposit therefor of $15.00, $10.00 of which will be refunded if said plans and specifications are returned within 15 days after date of bid opening.

Dated: September 26, 1973.

NOTICE OF IMPROVEMENT
SANITARY SEWERAGE PROJECT NO. 1973-2

NOTICE IS HEREBY GIVEN that on the 26th day of September, 1973, the Board of Directors of County Sanitation District No. 4 of Santa Clara County, California, adopted its Resolution of Intention No. 73.9.192, as amended, wherein it did declare that in its opinion the public interest, convenience and necessity required and that it was the intention of said Board to order the acquisitions and improvements in and for said District as more particularly described in Exhibit "A" hereto attached and made a part hereof by reference.

All of said work and improvements are to be constructed at the places and in the particular locations, of the forms, sizes, dimensions and materials, and at the lines, grades and elevations shown and delineated on the plans, profiles and specifications preliminarily approved therefor by said Board and on file for public inspection in the office of the District Secretary.

Notice is hereby given of the fact that in some cases said work and improvements may bring the finished surface of the ground to a grade different from the surface as it now exists, and that to said extent said grades may be changed and that said work may be done to said changed grades.

In cases where there is any disparity in level or size between the improvements proposed to be made herein and private property and where it is more economical to eliminate such disparity by work on said private property than by adjustment of the work on public property, it is hereby determined that it is in the public interest and more economical to do such work on private property to eliminate such disparity. In such cases, said work on private property shall, with the written consent of the owner of said property, be done and the actual cost thereof may be added to the proposed assessment of the lot on which said work is to be done.

Said contemplated acquisitions and improvements, in the opinion of said Board, are of more than local or ordinary public benefit, and the costs and expenses thereof are made chargeable upon an assessment district, the exterior boundaries of which are the composite and consolidated area as more particularly shown on a map thereof on file in the office of the District Secretary, to which reference is hereby made for further particulars. Said map indicates by a boundary line the extent of the territory included in the proposed district and shall govern for all details as to the extent of the assessment district.

The estimated cost of said project is $69,746.00.

Notice is hereby given that it is the intention of the Board of Directors to consider adoption of an ordinance authorizing contributions by the District from any sources of revenue not otherwise prohibited by law, or any specified amount, portion or percentage of such revenues, for the prupose of acquisition or construction of improvements, the acquisition of interest in real property and the payment of expenses incidental thereto for the use and benefit of the assessment district, and to consider authorizing application of such revenues as a credit upon the assessment.

Notice is hereby given that serial bonds to represent unpaid assessments and bear interest at the rate of not to exceed 7 % per annum, will be issued in the manner provided in the Improvement Bond Act of 1915 (Division 10 of the Streets and Highways Code), the last installment of which bonds shall mature not to exceed fourteen (14) years from the second day of July next succeeding ten months from their date.

The description of the acquisitions and improvements and the termini of the work contained in the Resolution of Intention, as amended, are general in nature. All items of work do not necessarily extend for the full length of the description thereof. The plans and profiles of the work and maps and descriptions, as contained in the Engineer's report, shall be controlling as to the correct and detailed description thereof.

Except as herein otherwise provided for the issuance of bonds, said work shall be done pursuant to the Municipal Improvement Act of 1913.

Reference is hereby made to proceedings had pursuant to Division 4 of the Streets and Highways Code, all on file in the office of the District Secretary.

Notice is further given that the District Engineer, pursuant to said Act and said Resolution of Intention, as amended, adopted pursuant thereto, did on the 26th day of September, 1973, file with the Secretary of said District his report in writing on said acquisitions and improvements, consisting of plans, profiles, specifications, estimate of costs and incidental expenses, diagram and assessment, and maps and descriptions, and said Board did on said date consider and examine said report and by resolution preliminarily approved and confirmed same and ordered that said report stand as the report for the purpose of all subsequent proceedings had pursuant to said Resolution of Intention, as amended.

NOTICE IS FURTHER GIVEN, that Thursday, the 8th day of November, 1973, at the hour of 7:45 o'clock P.M. of said day, in the regular meeting place of said Board, 100 East Sunnyoaks Avenue, Campbell, California, are the time and place appointed and fixed by said Board when and where it will consider and finally determine whether the public interest, convenience and necessity require said acquisitions and improvements, and when it will consider and determine whether the owners of a majority of the area of the property in the proposed assessment district have protested against said acquisitions and improvements or any portion thereof, and when and where it will consider and finally act upon the Engineer's report filed pursuant to said Resolution of Intention, as amended, and when and where it will hear all protests in relation to said proposed acquisitions and improvements, or to the grades at which said work will be done, or the extent of the assessment district, or to the Engineer's estimate of the costs and expenses thereof, or to the proposed diagram and assessment, or to the maps and descriptions, and that any person interested may file a written protest with the District Secretary at or before the time set for the hearing referred to herein.

Reference is hereby made to said Resolution of Intention, as amended, and said report, including plans, profiles, specifications, estimate of costs, diagram and assessment, and maps and descriptions, for a more particular description of said acquisitions and improvements to be had and done, and for further particulars, all on file in the office of the District Secretary.

Dated: September 26, 1973.
/s/ CLARIBEL S. JOHNSON
District Secretary,
County Sanitation
District No. 4
of Santa Clara County

EXHIBIT "A"

UNIT NO. 1 — County of Santa Clara (Cambrian Drive Area)

The construction of sanitary sewer mains, wye branches, risers, manholes, cleanouts and laterals, with cast iron manhole and riser frames and covers from existing facilities at the intersection of Cambrian Drive and Union Avenue westerly in Cambrian Drive to about 100 feet westerly of the intersection of Stonehurst Way; in Briarwood Way for its entire length; in Sydnor Drive for its entire length; from proposed Manhole No. 3 in Cambrian Drive southerly in Sweetbriar Drive for its entire length; and from proposed Manhole No. 4 in Cambrian Drive southerly in Stonehurst Way to near its intersection with Dallas Drive.

UNIT NO. 2 — City of Saratoga (Woodbank Way Area)

The acquisition of a right of service and use by Assessor's Parcels Nos. 397-06-074 and 397-06-073 (proposed Assessment Nos. 71 and 72), in sanitary sewerage facilities to be constructed for proposed Tract No. 5384 in Rancho Las Cimas Way and Arbolado Way.

GENERAL

The acquisition of a right of service and use in the sanitary sewerage and sewage disposal facilities of County Sanitation District No. 4 of Santa Clara County, and the acquisition of all lands and easements, disposal and other rights, and the doing of all work and the construction of all improvements auxiliary to any of the above and necessary to complete the same.

LEGAL NOTICE

ORDINANCE NO. 915

BEING AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF CAMPBELL AMENDING THE ZONING MAP OF THE CITY OF CAMPBELL BY ADOPTING PLANS, ELEVATIONS, DEVELOPMENT SCHEDULE, AND A MAP FOR A PORTION OF THE PLANNED DEVELOPMENT ZONE AS ESTABLISHED BY ORDINANCE NO. 730 ON THE 25TH DAY OF MAY, 1970. (Application of Eddie Anderson).

The City of Campbell does hereby ordain as follows:

SECTION ONE: That the zoning map of the City of Campbell being a part of the Campbell Municipal Code, together with amendments thereto is hereby changed and amended by adopting "Exhibit A" entitled "Plans and Elevations" and "Exhibit B" entitled "Development Schedule" and "Exhibit C" entitled "Map of Said Property", as per the application of Eddie Anderson on property located at 109 and 117 Dillon Avenue. Copies of said exhibits are on file in the office of the Planning Department.

Said approval granted subject to the following conditions:

1. Revised plans showing new parking and planting layout in accordance with property line after dedication to be submitted for approval of the Planning Director prior to application for a building permit.

2. Landscape plan indicating type of plant material, location of hose bibs or sprinkler system and type of fencing to be submitted for approval of the Planning Director at time of application for building permit.

3. Landscaping shall be maintained in accordance with the approved landscape plan.

4. Faithful performance bond in the amount of $1,000 to be posted to insure landscaping, fencing and striping of parking area within three (3) months of completion of construction, or applicant may file written agreement to complete landscaping, fencing and striping of parking area prior to final building department clearance.

5. Trash container(s) of a size and quantity necessary to serve the development shall be located in area(s) approved by the Fire Department. Unless otherwise noted, enclosure(s) shall consist of a concrete floor surrounded by a solid wall or fence and have self-closing doors of a size specified by the Fire Department.

The applicant is notified as part of this application that he is required to meet the following conditions in accordance with Ordinances of the City of Campbell.

A. All parking and driveway areas to be developed in compliance with Section 21.50 of the Campbell Municipal Code. All parking spaces to be provided with appropriate concrete curbs or bumper guards.

B. Underground utilities to be provided as required by Section 20.16.070 of the Campbell Municipal Code.

C. Plans submitted to the building department for plan check shall indicate clearly the location of all connections for underground utilities including water, sewer, electric, telephone and television cables, etc.

D. Sign application to be submitted in accordance with provisions of the sign ordinance for all signs. No sign to be installed until application is approved and permit issued by the Building Department.

E. Ordinance No. 782 of the Campbell Municipal Code stipulates that any contract for the collection and disposal of refuse, garbage, wet garbage and rubbish produced within the limits of the City of Campbell shall be made with Green Valley Disposal Company. This requirement applies to all single family dwellings, multiple apartment units, to all commercial, business, industrial, manufacturing and construction establishments.

F. Applicant to process and file parcel map.

G. Applicant to enter into agreement with the City of Campbell for construction of street improvements, post bond, pay fees.

H. Applicant to dedicate street right-of-way to 30 feet from street center line.

I. Applicant to pay storm drainage area fee at the rate of $765 per acre.

J. Provide 2 "2ABC" fire extinguishers as required by the Fire Department.

K. Roof covering shall be fire retardant. (Section 1704).

The applicant is notified that he shall comply with all applicable Codes or Ordinances of the City of Campbell which pertain to this development and are not herein specified.

PASSED AND ADOPTED this 9th day of October, 1973, by the following roll call vote:

Adjourned as Governing Board of Santa Clara County Fire Protection District No. 1.

ATTEST: DONALD M. RAINS, Clerk
Board of Supervisors

PUB.: Oct. 17, 1973 104CP

LEGAL NOTICE

BOARD OF SUPERVISORS — COUNTY OF SANTA CLARA
Ralph H. Mehrkens, Chairman

WEDNESDAY, OCTOBER 10, 1973

Pledge of Allegiance
Roll call — all members present.

1. Approved minutes of meeting of September 26, 1973.

HEARINGS

2. Closed hearing and authorized Chairman to execute amendment to Land Conservation Agreement (68.091) allowing Ralph F. and Margaret F. Merriman to add a 70'x100' parcel to land currently in the Agricultural Preserve and adopted a resolution altering boundary of Agricultural Preserve.

3. Closed hearing and denied application of William A. Eikenhorst (Penny Ante aka Candlelight) for cardroom permit on property located at 4805 El Camino Real, Sunnyvale. Supervisor Sanchez voted no.

PLANNING

4. Adopted resolution authorizing County Executive to execute Joint Exercise of Powers Agreement with Cities of Morgan Hill and Gilroy, Morgan Hill and Gilroy School Districts and Office of Education for comprehensive planning assistance regarding South County Implementation Program.

5. Adopted resolution granting appeal of Robert E. Kruse relating to permit for mobile home on property located on the westerly side of Sycamore Avenue approximately 420 feet southerly of East Middle Avenue, and authorized Chairman to execute agreement with property owner.

6. Deleted from the agenda is the request of County Counsel to institute legal proceedings to abate alleged Zoning Violation on property of A. D. Saso located at the northeast corner of the entrance to Riverside Golf Course with Monterey Highway.

7. The request from County Counsel to institute legal proceedings to abate alleged zoning violation on property of Jean E. Speciale located at 5000 Pearl, San Jose, is taken under advisement.

8. County Counsel was authorized to institute legal proceedings to abate alleged zoning violation on property of Richard Perea located at 5028 Selinda Lane, San Jose.

X. Adopted a resolution in recognition of the Y's Men's Club for its service to the youth and the Y.M.C.A. units of the Santa Clara Valley.

X. Considered communication from Pacific Gas & Electric Company concerning the energy crisis in Santa Clara County and California and adopted a resolution authorizing County Executive to instruct all County departments to reduce gas and electrical consumption (lighting and hearing) to the point where it does not endanger life, limb or property. Referred to County Counsel for preparation of resolution.

X. The recommendation from the Affirmative Action Council that the Board meet in informal session with the Council and other concerned parties to discuss lawsuit against the County regarding the hiring of Deputy Sheriffs was rejected and the matter was referred to County Counsel with the suggestion that they make every effort to arrive at a conclusion of the matter that is just to all concerned.

Adjourned.

Gridiron Giggles

"Well, as long as we keep the ball under the bench, they won't be able to score!"

On the hot corner

By DICK SPARRER

Sports Editor

Richard Nixon could. Spiro Agnew couldn't. Randy Vataha could. Jim Plunkett couldn't. Mickey Rooney could. Chuck Conners couldn't. And Calvin Murphy could — but he sure wouldn't.

What is it that those mentioned could or couldn't do? They could and couldn't become members of the local chapter of the Charlie Johnson fan club!

A group of Golden State Warrior basketball fans in the south Bay Area have started a fan club "for the man we consider to be the most exciting player the team has — Charlie Johnson," according to club president Keith A. Woods.

Johnson, a product of the University of California at Berkeley, is 6' of excitement on a basketball court and just his presence on the hardwood can change the tide in any ballgame.

"As president of the newly formed 'CJ Admiration Society,' I'm embarking on an active membership campaign and would like tp spread the word of our organization to other CJ fans in the Bay Area," said Woods.

Full membership to the club will be limited to those who can prove that they are six feet tall or less.

"Each applicant will have to 'height-in' at the first meeting they attend," said Woods. "Anyone caught trying to infiltrate by slouching will be dealt with harshly and risks losing both legs from the knee down as retribution." And if Wilt Chamberlain shows up for admission, he'll still have more than 6' left even after being dealt with by club officials.

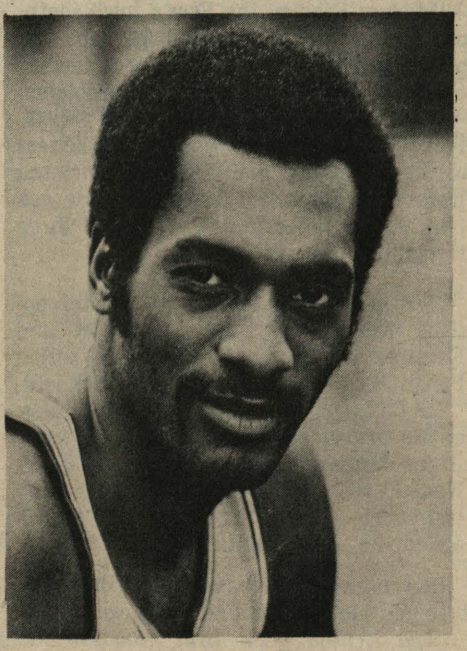
Woods added that associate memberships may be granted to those "unfortunate freaks" over 6' tall, "but that will be determined later."

The cost for membership to the club is $7.50 for the 1973-74 season. Included for that membership fee will be a membership card, a monthly "CJ Newsletter," "cheap" monthly dinner meetings at various locations, an opportunity to take part in club trips to Warrior games, an "inspirational listing of the accomplishments of short people in history" and a bumper sticker that reads "Tall is Ugly" or "Down with Height."

Along with a true devotion to CJ, the club will also take on two other projects, according to Woods — seeking to have the height level of the rims in basketball lowered to six feet and putting "pressure on the shoe manufacturers to speed up development of the long awaited platform sneaker."

Woods (5'10") is the president of the club. Other officers include Paul Sagers (5'7"), first vice president; Mike Noonan, (5'11"), treasurer; Bob Kraut (5'9"), secretary, and Bob Osborne (5'4"), vice-president of height verification.

The club president added some pertinent information about himself to prove that this club is no hoax: "Favorite food — shortcake; favorite actor — Billy Barty; favorite artist — Toulouse Lautrec;



Johnson admirers

favorite military figure — Napoleon; favorite reading material — short stories; people I most like to be around — jockeys; strongest dislikes — paranoia and tall people who are always out to make me feel insecure and who walk by me on the streets and laugh inside just because I'm not as tall as they are and they think that I don't know what they're thinking or that they're snickering at me but I really do and they aren't going to get away with it for long, I can sure promise you!"

The whole, short story might seem a bit absurd — but the devotion to Charlie Johnson is for real.

"We sincerely believe that Charlie Johnson, inch for inch, is one of the most exciting and competent players ever to wear a uniform in the NBA," admitted Woods. "We'll fool around and have a good time in the club, but our belief in and respect for Charlie as an outstanding basketball talent will remain deadly serious."

Those interested in the membership in the club can send checks, payable to "CJ Admiration Society," to Keith Woods, 986 Latimer ave., Suite 10, Campbell, or call 374-1785 after 5:30 p.m.

Take a little time, make the short hop to the mailbox to send off the small check to become a miniature member in the scant CJ Society soon. Spiro Agnew couldn't — he's a freak!

Shut-outs dominate hockey show

Shut-outs dominated the scene recently when Eastridge ice hockey teams battled Northern California junior hockey association foes in the second week of 1973 activity.

Four of the five Eastridge teams nabbed shut-out victories in their second league outings of the young season. The Mites won 8-0 over Belmont and the Squirts topped Belmont 2-0. The Pee Wees took Stockton 12-0 and the Bantams crushed Stockton 16-0.

The Midgets almost were on the other end of shut-out, however, falling 13-1 to San Francisco. Bob Bergeron's goal was the only thing that kept Eastridge from getting held pointless.

Norm Rose found the goal twice to lead the 2-0 Squirt victory for the locals. Carl Cook notched the shut-out for Eastridge in the cage.

Ricky Pitta led Mite scoring in their 8-0 win, pounding four home. Gordon Burkitt hit two and Tony Unti and Steve Bell each got one to help in the win. Andy Buchanan recorded the shut-out.

Top scorer in the Pee Wee victory for Eastridge was Wayne Powers. Powers knocked the puck home four times, Steve Powers adding two, Andy Stuart two, Rick Smithson one, Glen Caurfield one, Lonnie Silvestri one and Craig Brown one. Drew Henry got the shut-out in the goal.

Bust Dons 20-7 in WVAL play

Better defense lifts Bruins

By DAVE MENDONCA

In a game that wasn't so much won, but rather lost, the Del Mar Dons, unable to mount any kind of offense, handed the Branham Bruins a 20-7 win last Friday afternoon at Branham.

While neither team was terribly impressive, especially offensively, the Bruins were certainly the better defensive squad, and won the game almost strictly on their merits.

Branham (2-1) will take on Westmont at home Friday afternoon. Game time is 3:30 p.m. The Dons will try to rebound against Los Gatos in an 8 p.m. contest at Los Gatos.

The Bruin's defense, led by Howard Meyer, Todd Perry, Steve Bell, Rich Mann, Joe Ramirez Bob Hullet, shackled the Don running attack to an incredibly meager three yards in 19 rushes.

Mickey Plesha, the Don's huge southpaw quarterback, suffered perhaps the poorest afternoon in his career to further compound Del Mar's offensive problems.

Harassed all day by the likes of Meyer, Perry, linebacker Jay Malpas and the rest of the Branham line, Plesha completed just three of 15 passes for 46 yards. He was intercepted twice and was sacked three times for 18 yards lost.

Meyer and Bell hauled in the interceptions while Perry, Mann, Hullet and Ramirez were among those who nailed Plesha three times in the Don's backfield.

In fact, Del Mar's best "offensive" play of the afternoon was a blocked punt by Bruce Mallory that was scooped up by Wade Fernside at the Bruin three yard line and carried in for the score. Jeff Harris added the extra point.

But other than that, it was Branham that completely dominated the game.

The Bruins drew first blood in the opening quarter on a 42 yard bomb from Mike Martin to Jack Long, who ran a straight fly pattern and beat his man by a good two yards.

Ron Hayes, one of 10 Branham running backs to see action on the day, set-up the score with a 13 yard run. Dave Painter's point after touchdown kick failed.

After Del Mar grabbed a monentary 7-6 lead in the second quarter, Branham registered the only sustained drive of the afternoon to regain the lead for good.

Branham moved 68 yards in 12 plays and scored with just 20 seconds left in the half when Hayes cracked over from the one.

Two key plays on the drive were a defensive holding penalty against DM and a 19 yard pass completion from Martin to Danny Gong. Gong's reception came on a third and 10 situation and brought the ball to rest at the DM four yard line.

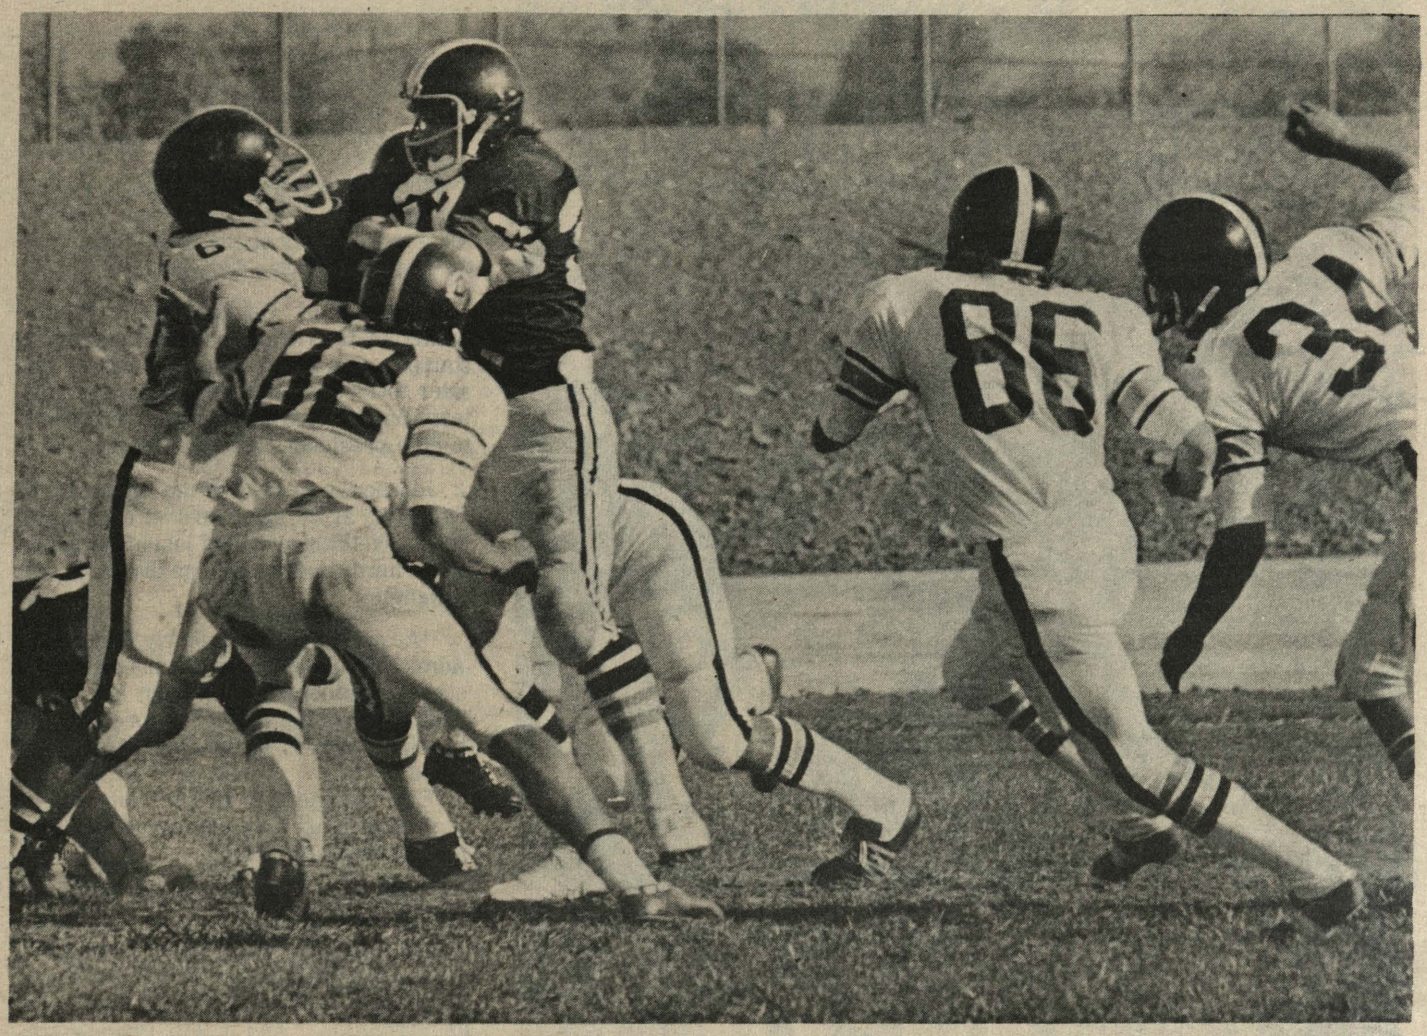
Martin tallied the two point conversion when he bootlegged around right end.

Hayes scored the only other touchdown of the game in the second half on another one yard burst off tackle, this one climaxing a 10 play, 46 yard drive that started when tackle Meyer intercepted a deflected Plesha pass at the DM 46.

Gong, carrying twice for 13 yards, and Mike Terronez, toting the ball two times for 10 yards, helped keep the drive alive. Martin came up with another clutch pass completion also, hitting Long on a 14 yard aerial.

Martin ended the afternoon three for seven through the air for 75 yards. Hayes, who left the game with a leg injury late in the fourth quarter, was the game's top rusher with 53 yards on 12 carries. Bill Davis picked up 38 yards on eight carries.

Kirk Poppey was the Don's top rusher, gaining just five net yards in seven carries. The Del Mar back did break loose on one 13 yard jaunt but losses of seven, four, two and one yards lowered his net yardage.



WALL OF DONS — Branham high running back Ron Hayes runs into a wall of Del Mar tacklers in WVAL action last Friday. Despite this no gainer for the Bruins, Branham went on to take an easy 20-7 win over the Dons. In on the stop for DM are Ron Tedesco (61) and Wade Fernside (82) while Cameron Watt (86) and Neal Robb (34) move in.

Beeson, Foley team up to power Longhorns by Camden

Jeff Beeson hooked up with wide receiver Rick Foley for a pair of touchdown tosses and Foley himself uncorked a TD aerial to lead the Leigh Longhorns to a 39-6 rout of last place Camden last Friday.

The Longhorns (3-1), still a game behind league leading Saratoga, will visit co-leader Campbell (4-0) Friday afternoon in a 3:30 p.m. clash. Camden (0-4) will travel to Blackford for a 3:30 p.m. contest.

Beeson enjoyed a super day picking the Cougar secondary apart, completing nine of 13 passes for 191 yards and two touchdowns.

The Longhorn quarterback hit Foley for paydirt passes of 15 and 26 yards. He also booted one PAT and passed to Foley for another.

And if his arm wasn't enough, Beeson set his legs in motion five times and gained 76 yards to rank as the game's second leading ground gainer.

The top ball carrier on the afternoon was Mike O'Brien who ran the Cougar defense ragged with 186 yards on 23 carries and a pair of touchdowns.

O'Brien initiated the Longhorn scoring for the day with a 27-yard score in the second quarter to cap a sustained 79-yard drive.

After setting up a Beeson to Foley TD pass in the third period with a 29-yard bolt, O'Brien later bulled his way into the Camden endzone from five yards out.

Foley was another Longhorn who enjoyed a profitable day, snaring seven Beeson passes for 106 yards. He also unloaded a 31-yard TD pass off a halfback option play to Frank Griffith to complete Leigh's scoring.

Jerry Jennings, Leigh's fine linebacker, also got into the scoring act with a 40-yard interception return in the third stanza.

Jennings also made 11 tackles, second to Jim Fuson's 18.

Head coach Pete Galloni singled out Steve Leonard for his fine work on the offensive line from his center position.

Camden got a consolation score late in the game when Steve Wilson connected on a 28-yard bomb to Dave Pursey.

Wilson completed 14 of 24 passes on the day for 105 yards to provide the Cougars with one of their few bright spots.

Dave Puz hauled in five of Wilson's aerials for 29 yards.

Defensively, Pursey led the Camden unit with nine tackles from his safety position.

Campbell LL

The Campbell little league held elections recently for the 1974 season and John Hanrahan was re-elected the league president. Ralph Pfirrman was elected vice president, Tony Mimosa treasurer, Doug Brooner secretary and Lou Romeo three-year director.

A banquet is scheduled for those involved in the Campbell league and will be held October 27 at Lou's Village. Tickets sell for $6 per person and ticket information is available from Dell Tucci (378-0120).

Bucs smash Braves, set for Longhorns

Only three teams remain among the ranks of the unbeaten in the West Valley athletic league football race in 1973. And one of them is Campbell high's Buccaneers.

The Bucs posted an impressive 33-0 whitewash win over Blackford last Friday to run their WVAL ledger to 3-0 and their overall mark to 4-0.

But Campbell is in store for a tough bout this weekend even though they won't meet one of the loop's undefeated. The Bucs play host to the huge, rugged Leigh Longhorns in a 3:30 p.m. Friday at Campbell high.

Leigh has lost just once in 1973, that a 36-14 setback to the defending league champion Saratoga Falcons.

The Longhorns average 225 pounds across their offensive front wall and their defensive line is even larger. Leigh has nipped Leland 7-0 in non-league action and crushed Del Mar 28-6 and Camden 39-6.

The Bucs hold impressive credentials also, though. Campbell, along with shutting out the Braves last week, won via the whitewash route versus Homestead 20-0 in non-league play and nipped Westmont 25-20 and Prospect 14-13.

Leading the Buc attack will be running back Ted Borns and Tom Davis. Fullbacks Jerry Navarro and Gil de la Pena add power to the Campbell running game.

Spearheading the offense is quarterback Jim Knight, throwing to the likes of tight end Tom Guardino, a rugged 6'3", 200 pounder, and his backs.

Defensively, Charlie Wilcox, John McMongle, Jerry Navarro, Dave Weidman, Terry Fitzpatrick and Jim Guardino led the Campbell charge.

In action last week, Davis found the Brave endzone three times to lead Campbell to a runaway 33-0 victory. Davis, brother of former Buc great Steve Davis, scored on jaunts of nine, 10 and 11 yards in the Campbell romp.

The three TD's pushed his season total to six to rank him as the top Buc scorer and tie him with Branham's Ron Hayes for the fourth spot in the league scoring parade with 36 points. Los Gatos' Gary Lynn is the WVAL's number one scorer with 60 points followed by Saratoga's Rick Barmore at 46 and Eric Peters at 40.

T. Guardino scored first in the game for Campbell on an 18 yard toss from Knight. Knight scored the only other Buc touchdown in the game on a nine-yard gallop. McMongle booted three extra points in the victory.

Campbell ran the Braves silly in the first period, scoring 20 of their 33 points. Guardino's TD and a pair of Davis scores would have been enough for the Buc victory.

But Campbell put up two more touchdowns in the third period to add to their winning total.

Warriors run into Falcon scoring machine in 50-18 WVAL setback

The Westmont Warriors found out last Saturday night why the Saratoga Falcons were pre-season picks to win the West Valley athletic league championship for the third straight year.

Mainly because they are awesome both offensively and defensively.

The Falcons continued to remain undefeated in 1973 by steam rolling the Warriors 50-18, pushing Westmont even deeper into the WVAL cellar with an 0-3 record.

While Saratoga racked up 24 points in the first quarter alone, Westmont was able to manage just one score, a 15-yard TD pass from Chuck Warada to Keith Van Amburg, capping a 75 yard march.

In the second quarter the Westmont defense added another six points when Joe Connolly blocked a Falcon punt and Byron Nobriga scooped the ball up and sauntered in for a 30 yard touchdown return.

Burt Codera ended the Warrior's scoring for the night with a 10 yard paydirt romp in the fourth quarter, the final play of a 70 yard march.

Pat Owens, the Warrior's ace running back, galloped for 98 yards in 20 carries to provide coach Don Stagnero with one of the few things he had to smile about.

Stagnero also singled out Nobriga, Sheldon Henderson and John Magge for playing well on the Warrior's offensive line.

Friday the Warriors seek their first win of the season against Branham at Branham in a 3:30 p.m. game. The Bruins defeated Del Mar 20-7 last week.

SUN grid ratings

1—Oak Grove (4-0); beat PH 24-13
2—Lincoln (4-0); beat Gilroy 38-0
3—Campbell (3-0); beat Prospect 14-13
4—Lick (3-1); beat Ayer 21-0
5—Pioneer (4-0); beat WG 13-12

Eighth try lucky charm for dragster Attebury

Some say the third time's the charm. others say seven is a lucky number. But for Ron Attebury, the number eight is number one.

Attebury scored an upset victory over James Warren at the recent Sears Points National Hot Rod Association world championship series meet. Attebury had competed against Warren seven other times in drag competition and had taken a back seat seven times.

Rookie Attebury had worked his way through the field by whipping Carl Olsen, 1971 Winter Nationals champion, in the first round and handing John Stewart a loss in the second round. In the third round Attebury established the meet's low elapsed time record with a 6.56 second run, defeating Garth Widdison.

At the same time Warren was getting rid of his foes. And in his third round he erased Attebury's low et with a 6.23 showing, roaring at a speed of 230.76 mph.

The stage was set for the championship and Attebury took it in stride, taking an easy win due to Warren's red light start.

Campbell's Jerry Steiner qualified the lone front-engine car in the field with a 7.01 time. Steiner was able to whip Jim Herbert before he was sidelined with a damaged engine.

King leads Bellarmine

In the midst of one of their best seasons in recent years, the Bellarmine Bells will tackle a tough St. Francis grid corps Friday night on the latter's field at 8 p.m.

The Bells, 3-1 before last Friday's battle with St. Ignatius, rank as a strong contender for the West Catholic athletic league top spot in 1973.

Bellarmine knocked off Novato in recent action 15-3 with Marty King leading the way. King scored a pair of touchdowns on runs of two and three yards and kicked one of the Bell extra points.

The only other Bell points were the result of a Phil Strutner to Tom Knapp pass following King's second TD.

Bellarmine scored once in the second quarter and once in the third while a tough defense gave Novato just a lone second quarter field goal.

Lose close 16-7 loop decision

Panthers come up short vs. LG

Helm field, they didn't even let LG close to that total.

The Panthers ended up on the short end

In their first three ballgames of the 1973 season, the Los Gatos Wildcats had put 107 points on the scoreboard, an average of more than 35 points per game. But when Prospect took on the Cats last Friday at of a 16-7 score but fought Los Gatos every inch of the way in the game that was even closer than the score would indicate.

Prospect fought LG through the first quarter 0-0. In the second quarter the Cats put seven points on the board to jump in front 7-0.

But that lead didn't last long. Prospect took the ensuring kick-off and marched for the game-tying touchdown. Brad Gunthier faked a dive into the line on third down and short and fired a 55 yard scoring bomb to Nick Bibich to get the Panthers in the scoring column. Robert Timpany kicked the extra point that tied the game 7-7.

The score remained deadlocked into the second half. Prospect took the kick-off after intermission from their own 25 to the LG 25 but that drive was halted when they lost a fumble.

In the beginning of the fourth period the Wildcats drove deep into Panther territory again but a crucial goalline stand, led by tackle Ross McCannon, stopped LG short of the endzone. But LG settled for a field goal to take a 10-7 lead that was to stand up the rest of the way.

The Cats did score again in the game but not until the final minute when the game was out of the Panther reach.

"I thought the kids did very well against Los Gatos," said a pleased Earl Adams, despite the loss. "It was a real good ballgame. We were in it all the way. If we could have socred earlier we would have been in better shape, though."

The coach cited the play of OG halfback Gary Lynn, rating him as "probably the best back in the league."

McCannon sparked the Prospect defense and down hear the Cat goal line the big tackle hit Lynn for a 10-yard loss to force the LG field goal try.

Linebackers Glen Holtz and Jim Medefesser were singled out for play in the game by coach Adams.

Guntheir went to the air 10 times in the game for Prospect and completed six passes for 97 yards, one the 55 yard TD bomb.

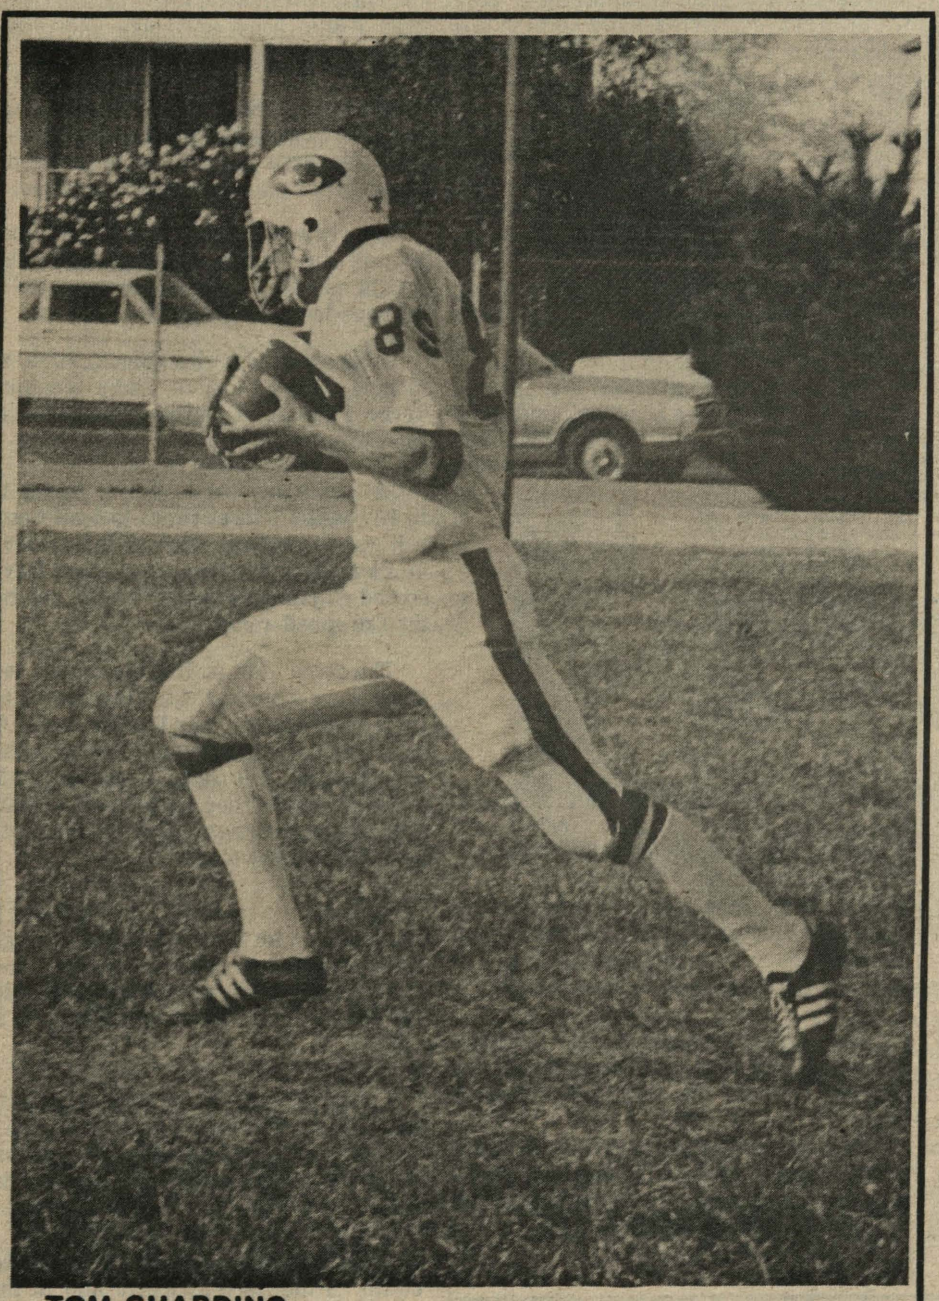
"Offensively we didn't move the ball as well as we would have liked to," said the coach. "They really dominated the ball control in the game."

The coach was pleased with the performance of his first year signal-caller, Gunthier. "We don't throw a lot but he's been doing a fine job for us this season," said Adams.

Scott Felmdan was the top ground gainer in the game for the Panthers with 43 yards on seven carries. Greg Silva caught three passes to lead Panther receivers.

Up front in the offensive line Adams praised juniors Dale Roberts, a guard, and Don Knapp, a center, for fine jobs. He added that senior tackle John Morris "played the best game of his high school career."

"We're improving each week," said Adams. "But we'll have to improve a lot this week to get ready for Saratoga." The Panthers meet the tough Falcons Friday at 3:30 p.m. on their Prospect road field.



TOM GUARDINO
CAMPBELL BUCCANEERS
Football . . . end-place kicker

The rugged tight end wasn't picked the Campbell PRESS athlete of the week for his work on the end of the offensive line, oddly enough. Guardino was picked because of place kicking and defensive end work that provided the Bucs with a tight 14-13 victory over the Prospect Panthers.

For being picked the week's top athlete, Guardino will receive a free pizza at the Straw Hat Pizza Parlor, 1400 W. Campbell ave., and a picture of himself in action.

The big end kicked a pair of extra points to provide the Bucs with seven points each time they scored touchdowns against the Panthers. But his biggest blow came defensively when he blocked Bob Timpany's extra point try after Prospect's second touchdown of the game. The big fourth quarter block provided Campbell with the victory.

Guardino, who caught one pass in the game for the Bucs, was on the end of a 40-plus yard scoring bomb from Jim Knight in the third quarter but the play was called back because of an illegal procedure penalty.

Others considered for athlete of the week honors were Mickey Plesha and Ken Bondelie of Del Mar, Tom Davis of Campbell, Steve Wilson of Camden and Glen Holtz and Ross McCannon of Prospect.

The athlete of the week is picked by the PRESS sports staff from Blackford, Campbell, Branham, Del Mar, Westmont and Camden high schools.

Campbell PRESS sports

Viking footballers wipe away bad memories

Most of the bad memories of pre-season play were washed away recently in Santa Rosa when the West Valley college Vikings opened Camino Norte conference action with a 24-6 win over Santa Rosa junior college.

The win ended a terrible three game losing streak and got the Vikes off on the right foot as they seek their fifth consecutive CNC championship.

"The kids played with a lot of enthusiasm," noted a pleased John Nicholas, the WVC head coach. "But we still have a lot of things to work on."

West Valley now faces Solano college at Solano Saturday night at 7:30 p.m. Solano lost their season opener to Contra Costa, 32-0.

One of the main reasons the Vikes had such an easy time disposing of Santa Rosa was due to the sensational running of freshman whiz kid Chuck Patterson (Del Mar), who rushed for over 100 yards for the second straight week.

Patterson carried the ball 29 times for 127 yards, giving him a two game total of 243 yards. He also scored a pair of touchdowns.

Patterson's first touchdown came in the initial period and capped a short drive that started deep in Santa Rosa territory when Greg Wells (Buchser) recovered a fumble.

Patterson scored from one yard out and Steve Nishijima (Westmont) booted the extra point. Nishijima added the extra point after all three Vike touchdowns on the night, making him nine for nine on the season.

West Valley took an unexpected 10-0 lead into the locker room at halftime when Wells parted the uprights from 53 yards out in the second quarter to set a new school record for the longest field goal.

The previous WVC record was set last year by Vic Bennett when he booted a field goal from 42 yards away.

In the third quarter West Valley wasted little time getting back on the scoreboard. Rick Mallman (Prospect) hooked up with Dave Johnstone (Prospect) on a 71-yard bomb that took the ball down to the Santa Rosa nine-yard line. And on the very next play, Mallman bootlegged around end for a nine-yard score.

His completion to Johnstone was just one of two he had on the night in nine attempts.

Patterson capped the Vike's scoring for the night in the final period when he bolted 49 yards for his second TD.

Mark Loeffler (Prospect) was the Vike's second leading ground gainer on the evening with six totes for 34 yards and Pete Triandes (Leigh) carried five times for 25 yards.
